KINSMEN CELEBRATE "COMING OF AGE"

Kelowna Kinsmen club celebrated their 71st anniversary at the election meeting in Capri Motor Inn, Thursday. A. M. Sperie was elected 1965-66 president for a one year term, replacing Dr. J. H. N. Foster, 1964-65 president. Installation of officers will be held in September and the newly

elected executive will take office at that time. F. W. Nickle, charter president, life member and scrutineer Thursday evening, rights gives the gavel to Mr. Sperie. Other executive members elected are Peter Newton, first vice-president; David Lindsay, second vice-

president; Percy Tinker, secretary; Perry Lund, treasurer; Lloyd Schmidt, registrar and Edward Landdowner, David Wright, Derek Crowther, directors. Business at the meeting included reports on the Kelowna Time Magazine in Kelowna, May 21, 22, 23, 24. —(Courier Photo)

No Snub By French — Pearson

OTTAWA (CP)—Prime Minister Pearson today laughed off suggestions that External Affairs Minister Martin suffered a diplomatic snub when he arrived in Paris Thursday for talks with French government officials.

He told the Commons amid considerable laughter that problems encountered by Mr. Martin in Paris were of a "minor technical" nature and that, in Mr. Martin's view, it was "senseless" to make anything of them.

"It is not the policy of this government to protest over the absence of red carpets," said the prime minister.

He made the statement after Paul Martineau (PC — Pontiac — Temiscamingue) questioned whether the government would protest the reception given Mr. Martin in Paris. Mr. Martineau said the reception lacked the VIP touch.

Mr. Martin, in the midst of a European tour, arrived in Paris Thursday to find his aircraft could not stop at the main terminal at Orly Airport. He had to ride a bus from his plane to the terminal and since there was no greeting by two major French officials.

Mr. Pearson, trying to keep a straight face himself, told laughing MPs that Mr. Martin had sent him a telegram saying he was having "a very friendly visit" to the French capital. "His telegram says he's very happy," said the prime minister. "The chestnuts are in blossom and all is well."

Wilson Wins By 4 Votes

LONDON (CP)—Tory newspapers today came out with charges of force and play-acting following the Labor government's victory in a clash over steel nationalization Thursday night.

The big battle, however, still lay ahead. Observers forecast months of bitter political clashes—and possibly a general election—before the plan can go into effect.

The last-minute "conversion" of two Labor rebels gave the government a four-vote majority in the House of Commons on a policy white paper laying down a basis of legislation for state control of steel.

It was billed as the biggest test for Wilson since he came to power seven months ago. Allowing for "pairs" and authorized absences, the vote of 310 to 306 corresponded exactly with the strengths of Labor and the combined Tory and Liberal opposition at the time of the ballot.

But today the government's overall majority was cut to three because a Birmingham by-election Thursday returned a Tory member, as expected.

Conservative spokesmen charged in the Commons that Wilson arranged the timing of the steel showdown deliberately to come before a victory was declared in Birmingham Hall Green constituency, a Tory stronghold.

Wrong-Way Marines Die

SANTO DOMINGO (AP)—Another wrong turn into rebel territory was blamed today for the deaths of four marines, bringing the U.S. death toll in the Dominican fighting to at least 13.

U.S. sources said three marines were killed Thursday after a patrol wandered into the insurgent-held sector of downtown Santo Domingo. Two others were wounded and one died after he was taken to the aircraft carrier Boxer.

A rebel spokesman said one insurgent was killed and two wounded in the encounter. The rebels at first accused the United States of violating the ceasefire arranged Wednesday by a peace commission of the Organisation of American States. Later they said they believed the marine patrol had taken a wrong turn.

Two U.S. newspaper men who had been observing the clash from a taxi were caught in the crossfire and wounded slightly. They were Al Burt and photographer Doug Kennedy, both of the Miami (Fla.) Herald.

A U.S. military source said the newspaper men had passed through a rebel checkpoint and were approaching the U.S. lines when the insurgents opened fire on the marines and the marines fired back.

The source said it was probable that U.S. gunfire wounded the newspaper men.

MABEL LAKE PLANS TO PROTEST IF HAASE ELIGIBLE FOR PAROLE

VERNON (CP)—A petition of protest to Ottawa is planned at Mabel Lake, a summer resort 55 miles northeast of here, if convicted murderer Lawrence Herman Haase becomes eligible for parole.

Upon learning of the federal cabinet's commutation of Haase's death sentence for the October, 1963, slaying of twins Donna and Duane Ring, residents contacted by reporters said Thursday they want Haase to remain imprisoned for the rest of his natural life.

The 13-year-old twins, daughters of resort owners Mr. and Mrs. Victor Ring, were stabbed to death while walking from a school bus stop to their home.

"It's God's law that Haase should hang," said one Mabel Lake man.

Mr. and Mrs. Ring now live in Calgary, and Mrs. Ring is reported in poor health.

Bankers Both Happy And Sad At Gordon's Revision Plans

By THE CANADIAN PRESS
Banking circles expressed both satisfaction and disappointment when Finance Minister Walter Gordon introduced revisions of the Bank Act in Parliament Thursday night.

Bankers were happy that the government is apparently moving toward changes recommended by the Porter royal commission on banking, but were surprised and disappointed that the finance minister proposed to retain the current six-per-cent interest ceiling on bank loans.

The government's "stand-pat" attitude on the interest issue was criticized by S. T. Paton, president of the Canadian Bankers' Association and general manager of the Toronto-Dominion Bank.

He said it is "difficult to understand in the light of the strong recommendations of the royal commission on banking and finance."

Mr. Paton said the proposal to allow chartered banks to enter the mortgage-lending field gradually would alleviate banks' problems somewhat and was thus to be welcomed.

Early Bird Puts "The Finger" On Wanted Canadian In Florida

MIAMI, Fla. (AP)—A television mug shot relayed by a satellite led to the arrest of a Canadian sought by police since the burglary of a Montreal bank four years ago.

The Canadian, Georges Lemay, 39, was arrested Thursday by 11 federal agents and Fort Lauderdale police officers as he boarded his 43-foot yawl in the Bahia Mar Marina in Fort Lauderdale.

"I very seldom make mistakes," he told police Capt. Bob Smith. "How did you people catch me?"

Lemay was told that a boat repairman recognized a mug shot from Canada shown on the inaugural Early Bird satellite television program Sunday.

"Well, isn't that something," Lemay said. "It took a satellite to catch me."

Police have had an interest in Lemay for 14 years since his wife, the former Huguette Droust of Montreal, disappeared while fishing from a bridge on the Overseas Highway in the Florida Keys.

On Dominion Day in 1961, thieves smashed through the concrete reinforced floor of a branch of the Bank of Nova Scotia in Montreal and rifled 377 safe deposit boxes.

Lemay, bare-chested and wearing tennis shoes, was calm when arrested. When the dockmaster asked him to settle his

Rare Noon-Hour Voting Held Before Move Finally Quashed

OTTAWA (CP)—A New Democratic party motion calling for abolition of the Senate sent the Commons into a tizzy of procedural argument and a rare noon-hour vote today.

Robert Priddy (NDP—Burnaby—Richmond) proposed that instead of retiring senators at age 75, the Commons should declare its belief that the Senate should be abolished.

Deputy Speaker Lucien Lamoureux ruled the Priddy motion out of order on grounds that it goes far beyond the scope of the government's bill.

The ruling was upheld 99 to 18 with Liberals, Conservatives and Social Credit voting against the New Democrats and Creditists.

Sixty-one Liberals, 33 Conservatives, four Social Credit MPs and independent Remi Paul voted to uphold the ruling, while 11 NDP and seven Creditists voted against.

Two MPs—Liberals Larry Pannell (Brant-Haldimand) and John Lloyd (Halifax)—were paired with absent members and did not vote.

Standings in the 265-seat Commons: Liberals 129, Conservatives 94, NDP 18, Creditists 13, Social Credit 18 and independent two.

George McIlraith, government House leader and president of the Privy Council, said there is just one question before the Commons: Whether or not senators should retain their seats in the upper house after reaching the age of 75.

Mr. Priddy, a teacher, said the Senate of Canada represents all the worst features of an upper house. It is powerful but not elected.

There were only two other upper houses like it—the British House of Lords and the Quebec legislative council. There are moves afoot, he said, to reduce the power of both. And he predicted the House of Lords would be abolished before the end of this century.

Stanley Knowles (NDP—Winnipeg North Centre) said the Priddy motion merely called on the Commons to express an opinion. Legislative action would have to follow if the Priddy motion were adopted.

Bennett Making "No Threats" About Secession Possibility

VICTORIA (CP)—Premier W. A. C. Bennett said Thursday he is making no threats to secede from Canada, but the gulf between British Columbia and the federal government is doing everything it can to widen it.

"B.C. has been badly dealt with by the national government. I call upon them to correct this forthwith," the premier said.

Asked to comment on a remark Wednesday by Ralph Loffmark, the trade and commerce minister, that the provincial cabinet was thinking of "separation," Mr. Bennett replied:

"We are thinking about this gulf and how to bridge it. I as prime minister want to see it bridged."

"I make no threats. I'm a great Canadian. I'm a Queen's man, first, last and always. We are trying hard to close the man's opinion."

Many of Mr. Loffmark's fellow cabinet ministers said in interviews, however, that they weren't thinking of separatism. Attorney-General Robert Bonner: "It's a question of being abandoned more than of separation."

Health Minister Eric Martin: "B.C. has been thinking of seceding ever since they got into Canada."

Agriculture Minister Frank Richter: "I don't know what he bases his statement on. It's one man's opinion."

Twisters Kill At Least 10

MINNEAPOLIS (AP)—A string of tornadoes spewed death and destruction over this heavily populated area of Minnesota Thursday night, killing at least 10 persons, injuring more than 300 and causing millions of dollars in property damage.

Heavy rain and two-inch hailstones preceded the twisters that struck during supper time. Hundreds of homes were damaged and many were destroyed.

Governor Karl Rolvaag called out national guard units to help local police and civil defence volunteers to maintain order.

Tornado sightings were reported over at least 25 small towns.

The heaviest damage was reported to communities around Lake Minnetonka, some 15 miles west of Minneapolis, and Spring Lake Park and Mounds View, 15 miles north of the city.

Four persons died at Mound, a residential community on Lake Minnetonka's west shore. Dozens of homes were hard hit, and many were destroyed at Mound, Island Park and Nations, located on the lake's west side, received heavy property damage and reported many injured.

Four persons died at Spring Lake Park, one at Mounds View and one at Norwood.

The injured in twisters that hit Fridley, Spring Lake Park and Mounds View were brought to Mercy Hospital at Coon Rapids in a continuous stream. After two hours, the hospital's administrator, Robert Van Hauer, pleaded.

But today the government's overall majority was cut to three because a Birmingham by-election Thursday returned a Tory member, as expected.

Conservative spokesmen charged in the Commons that Wilson arranged the timing of the steel showdown deliberately to come before a victory was declared in Birmingham Hall Green constituency, a Tory stronghold.

HANOI "SPARED"

Japan's Prime Minister Sato and Premier Kosygin, right, Cabot Lodge, President Johnson's personal envoy on Viet Nam policy, promised him that the United States will not bomb Hanoi, the capital of North Viet Nam. "The United States will not bomb Hanoi or occupy any part of North Viet Nam," Sato said.

Sato said Lodge promised him. He added that Lodge promised him the United States would not involve Japan in the Viet Nam war.

Police Report Attack, Suicide

VANCOUVER (CP)—A 35-year-old man stabbed a mother of four in the back with a hunting knife then shot himself here Thursday night, police said.

Dead is Donald Philip, a Winnipeg taxi driver. He shot himself in the head moments before police arrived at the Vancouver house in answer to a telephone call.

Mrs. J. A. Armstrong was in serious condition in hospital. Police said the woman was a divorcee whose former husband lives in Winnipeg.

Police believe Philip telephoned for an ambulance before shooting himself. He died on the way to hospital.

Porch Collapses Injuring Sisters

B AND K SPLIT?

A British expert on Communist affairs today reported signs of a split between Soviet Party chieftains Brezhnev, left, and Premier Kosygin, right, in the Guardian, said the split concerns military policy, and the issue is whether Soviet rocket power has made large ground forces unnecessary. The writer did not say whether it was felt the split would go as far as that which brought Khrushchev to sole power when his partnership with Bulganin—similar to Kosygin's and Brezhnev's—dissolved sending Bulganin into the limbo.

Ship Sinks In Crash

MACKINAW CITY, Mich. (AP)—Two ships smashed together in the fog-shrouded Straits of Mackinac today and one, the 588-ton limestone carrier Cedarville, sank.

U.S. Coast Guard radio reports from the area said 26 survivors were picked up, one body was recovered. Seven men still were missing.

The Cedarville and the Norwegian freighter Tordalsfjord collided about two miles east of the huge Mackinac Bridge, which links Michigan's two peninsulas between Lakes Huron and Michigan. The Cedarville sank within minutes.

Most of the crew of the Cedarville was from Rogers City, Mich., a community hard hit by another Great Lakes disaster in 1958. The Cedarville carried a crew of 35 men.

Early radio reports from the area told of hearing cries for help coming from the cold water.

Ed C. Dagwell, a resident of this city, said he was listening to marine radio after the collision. The former marine radio operator said the last word from the vessel was: "The Cedarville is sinking."

He said the captain, Martin Joppich, tried to beach the ship, but apparently was unsuccessful.

Congress Gives Johnson Cash But Not Without Some Rancor

WASHINGTON (AP) — Congress has given President Johnson the extra \$700,000,000 he wanted for the war in Viet Nam—but not before hurling some thunderbolts at the White House.

Congress should "reset being led around like a dog on a leash and given 48 hours to pass bills which the administration seeks to grid up its shabby policies," stormed Senator Ernest Gruening (Dem., Alaska), one of three senators who voted against the appropriation.

Still, the president got the swift and overwhelming approval he sought, and he plans to sign the appropriation into law today.

Thursday's 883 Senate vote compared with Wednesday's 408-7 vote in the House of Representatives.

The president had told Congress in a special message Tuesday that the \$700,000,000 is needed to meet mounting military requirements in Viet Nam.

TODAY'S STOCK QUOTATIONS

TORONTO (CP) — Stocks slipped to record levels in moderate morning stock exchange dealings today.

Four of the five major indexes calculated hourly by the Toronto stock exchange attained highs. Finance Minister Gordon's introduction of a bill which would allow banks to enter the mortgage lending field helped financial issues.

Industrial Acceptance advanced 1/4 to 25 1/2 on higher first-quarter earnings.

Melroe Porcupine, on sharply higher first-quarter earnings, gained 1/4 to 83 1/2 and hit a high of 84 1/2 among golds. Canadian Superior and Calgary and Edmonton each rose 1/4 to 20 1/2 and 20 1/2 among senior oils. Asamera fell 10 cents to \$1.60 on speculative oils.

On index, industrials rose 18 to 176.68, the TSE index 21 to 168.55, base metals 48 to 85.97 and each at its high. Golds fell 1.01 to 158.79. Volume at 11 a.m. was 1,102,000 shares compared with 1,140,000 at the same time Thursday.

Gordon Marks Up Ledger For Changes In Bank Act

OTTAWA (CP) — Canada's eight privately-owned chartered banks will be free to move gradually into the lucrative mortgage-lending business and seek wider ownership of share-holder stock among Canadians under proposals put before the Commons Thursday by Finance Minister Gordon.

But a tight rein is to be applied on foreign or provincial government ownership, and the banks must cut back severely their ownership of trust companies.

It may be easier for new banks to obtain federal charters, but all will continue to be limited to six-per-cent interest charges on bank loans.

The banks will have to adjust gradually to a new requirement that they keep cash, day-to-day loans and treasury bill holdings as a reserve against their total deposit liabilities.

But the Bank of Canada will still be able to temper inflationary and deflationary pressures by influencing the banks' reserves. And the state-owned central bank will have to how to federal government direction in any conflict between the two on Bank of Canada activity.

These were the principal provisions of three pieces of banking legislation introduced in the Commons by Mr. Gordon—bills to revise the Bank Act and the Quebec Savings Banks Act, and to amend the Bank of Canada Act.

Mr. Gordon told reporters at the end of the day-long banking debate that he adopted some recommendations of the 1961-64 royal commission on banking and finance because he thought they were good, but rejected others.

Many of the recommendations are still under study and may be incorporated in other legislation. The commission was headed by Chief Justice Dana Porter of Ontario.

Mr. Gordon adopted the commission's recommendation to let the chartered banks enter the mortgage-lending field. This should provide a new source of funds for house-building and general construction, and tend to bring down mortgage rates.

But the finance minister rejected the commission's recommendation that the six-per-cent ceiling be lifted on bank loan interest rates. To free the rate might encourage a general rise in interest rates, which he opposes.

The banking legislation will be introduced in the Commons today.

Kelowna Cancer Campaign Rolling Along Well-Chairman

All prospects in the 1965 Kelowna cancer campaign point to the \$7,000 goal being reached, Leslie Kerry, campaign chairman, said today.

To date, more than \$4,000 has been received in Kelowna," Mr. Kerry said. "Some of the team captains deposit the money in the bank and make out reports only when the final canvassers have sent in returns."

In J. Marshall, 1964 campaign chairman for the cancer campaign, said today \$8,660 was raised in the April campaign last year. The goal in 1964 was \$7,000.

Mr. Kerry said the canvassing, officially underway in April, is done by 250 women who volunteer their time to canvass in the Kelowna area.

"Collections are coming in well and the people have given very good support," said Mr. Kerry. "Eighty per cent of the canvassing is now complete and there are only return visits to be made."

"It is hoped the campaign will be finished within the next few days and the money can then be sent to the headquarters in Vancouver," Mr. Kerry said.

Mrs. Eric Sherlock, publicity chairman for the Kelowna branch, cancer society said the provincial target is \$375,000 and the national objective is \$4,211,175.

Mr. Kerry said anyone missed in the campaign and wishing to donate money to the cancer fund can contact him at 2188 Abbott Street.

"Money is beginning to roll in more evenly now and we expect to exceed the 1965 goal."

AROUND B.C. IN BRIEF

New Westminster Man Dies After Being Crushed By Log

CAMPBELL RIVER (CP)—A 30-year-old New Westminster man, Terry Flemming, was killed Thursday when crushed by a log at a logging operation on Harwick Island, 85 miles north of here.

BURST MONTH PRINCE GEORGE (CP)—April here was the RCMP's busiest month in history. Police handled 700 complaints, compared to about 500 for April, 1964. A police spokesman said Thursday the increase is due to the city's economic boom and population expansion.

TERROR GANGS VANCOUVER (CP)—Magistrate Cyril White said Thursday gangs of young toughs are trying to turn parts of Vancouver into hell-holes of roving terror and violence. He made the remark after sentencing two 19-year-old Vancouver youths to six-month jail terms for assaulting a man for no apparent reason.

WATCHMAN DIES PRINCE GEORGE (CP)—Sampson Mann, 78, night watchman at a public works yard died in hospital Thursday from injuries suffered when he fell from his parked camper truck Wednesday. He was found by his foreman who went to look for him when he failed to appear for work.

SCHOOL ROBBED PRINCE RUPERT (CP)—Thieves stole between \$150 and \$175 and did several hundred dollars damage when they broke into the senior secondary school here early Thursday morning. Police said the thieves used tools from the school's industrial arts room to open a vault and small safe.

CARLOADINGS DOWN VANCOUVER (CP)—The Pacific Great Eastern Railway Co. Thursday reported a total of 18,519 carloadings for the first four months of 1965, down from 20,063 for the same period in 1964. General Manager J. S. Broadbent said poor weather conditions were responsible for the decline.

ECONOMY ACCELERATES TRAIL (CP)—The National Employment Service's April summary of employment released Thursday shows varying degrees of accelerated activity in the Trail area. NES branch manager Cliff Bristow said logging, mining and wholesaling and retailing showed increased activity.

Chris Jaegli Fully Qualified

Chris Jaegli of Kelowna, Friday became a fully qualified Canadian ski instructor following a seven-day course at Silver Star this past week.

Mr. Jaegli is the head instructor at Big White ski resort. He is formerly of Calgary and is a native of Switzerland.

The instructors' course was sponsored by the Canadian Ski Instructors' Alliance. Of 43 instructors taking the course only eight passed. Doug Mervyn, Big White manager, said.

"Attending were 120 assistant instructors, 43 qualified instructors and 20 examiners from all parts of Canada and the U.S.," he said.

"A demonstration of the Canadian technique was given on the final day of the course by three of the five-man team which did a similar demonstration at Bad Gastein, Austria at the World Inter-Ski last winter."

Nature Council Meets Saturday

The B.C. Nature Council will hold their third annual meeting in Kelowna May 8 at the Aquatic building, Dr. H. J. Hocking, vice-president, said today.

Sunday, May 9, the group will hold a field trip to Greer Lake Range, west of Vernon with a dinner in the legion hall in Vernon at 6:30 p.m. Guest speaker is Ian McTaggart Cowan, dean of the faculty of graduate studies at UBC.

Attending the two-day event will be delegates from Vancouver, Victoria, Duncan, Kamloops, Vernon, Penticton and Kelowna.

MEETING GROUPS
The B.C. Nature Council is composed of eight natural history societies and naturalists clubs in the province.

Delegates will register at 9:30 a.m. Saturday in the Aquatic building. Business session will be held from 10 a.m. to 12:30 p.m. and from 2 to 5:30 p.m.

A dinner will be held in the Aquatic at 1 p.m. with Dr. J. F. Hendell, president of the association, as guest speaker. The Canadian Nature Council will also be present.

Other topics for discussion are legal protection for parks; summer nature camps; and the use of the Canadian Nature Council as a guest speaker.

English Apple Growers Visit To Check Okanagan Picture

Nineteen apple growers from Kent, England, arrived in Kelowna this week and toured three of the fruit packing plants in Kelowna, Wednesday, W. J. R. Green, advertising manager for C. Tree Fruits Ltd., said today.

The group toured the BCTF head office, Sun-type plant and Kelowna Growers Exchange packinghouse.

Members of the group are all substantial apple growers and interested in horticulture and orchard practices, said Mr. Green.

B. P. Thompson, leader of the delegation said in an interview Wednesday, competition from French growers is driving British to seek improved methods.

April District Jobless Total Shows Increase Over 1964

There are 1,947 people out of work in the area from Winfield to Peachland, as of May 1, D. M. Disney, manager of the National employment service in Kelowna, said today.

The total is composed of 977 male and 970 female workers. It is an increase of 446 people over the same period last year.

On May 1, 1964 there were 862 male and 839 female workers seeking employment, for a total of 1,701.

Ald. Bedford Tells C Of C Floats Big Business Now

Allderman Jack Bedford told a chamber of commerce executive meeting Thursday more co-operation is needed from the community to get the most mileage from our Kelowna float.

"The float needs upgrading, should be sent to more places, and should be accompanied by a real promotional group," he said.

"I do not think it should be an Okanagan float. It should be Kelowna."

"The B.C. vocational school in Kelowna would take its construction on as a project. We should be able to have a good float for \$250," he said.

John Foote, president, said the chamber welcomed his suggestions and would pass them along to the people most concerned.

"It seems like a Visitor and Convention bureau project," he said.

Kelowna Chamber Plans Project Along New Road To Princeton

The Kelowna Chamber of Commerce decided at an executive meeting Thursday, to make the Peachland-Princeton cutoff a major project in the next three months.

Gordon Hurtle, chairman of the roads and transportation committee, was asked to lay out a plan of action and report to the next meeting. The chamber will press for upgrading of the route and eventual declaration as a public highway.

"Aerial photographs should be taken, grades indicated and a personal delegation sent to Victoria," Tom Capozzi said.

"It should include representatives from Vernon south," Mr. Hurtle said.

"The cutoff would open up a valuable land," Mr. Capozzi said. "It is good farming land and a valuable mining area. It would cut off 60 miles from the Trans-Canada route to Vancouver," he said.

"The last letter in the file from the highway department in Victoria on this route is dated regional college and vocational 1961," he said.

City Convention List Increased Now 44 Confirmed This Year

W. T. J. Bulman, chairman of the visitor and convention bureau of the Kelowna Chamber of Commerce said Thursday 44 conventions are now confirmed for Kelowna in 1965, representing \$800 delegates.

"These didn't just happen," he said, "they are the result of hard work on the part of R. K. Gordon, co-ordinator. They are the result of many follow-ups and personal contacts."

"This is a wonderful list of booked conventions," John Foote, chamber president said. "You are all to be congratulated."

Mr. Bulman said a promotion is being started this month in Kelowna, aimed at bringing visitors to see "Springtime in Kelowna."

"We originally meant to stage said."

'Firebugs' Presented In Vernon To Raise Money For Trip East

The Vernon Little Theatre group are trying to raise funds to cover their expenses when they represent Western Canada at the Dominion Drama Festival in Brockville, Ont., May 24-29.

They will present their prize-winning entry "The Firebugs" in the Powerhouse Theatre in Vernon, May 17, 18, 19 to help with the fund raising campaign.

Mrs. Lorraine Allum, publicity chairman, said today.

"We need the support of every resident," she said. "We are not just a Vernon group, we are representatives of British Columbia and Alberta. Donations may be made to Mrs. T. J. Gower, Box 624, Vernon, B.C."

The Vernon Little theatre group won the right to represent Western Canada, when they took five of the seven awards at the B.C. regional Drama Festival in Kelowna, March 31-April 3.

The cast will now take the play to Brockville.

Chilliwack Band At Knox School

The 50-piece Chilliwack Junior secondary school band will perform in a joint concert with the Dr. Knox secondary school band, tonight at 8 p.m. in the Dr. Knox school gymnasium, V.E. Bryant, band director, said today.

"The Chilliwack band under the direction of John Hooge, is making a return visit to Dr. Knox. Our band visited there last weekend and appeared at Merritt and Abbotsford."

"There will be no admission charge but a silver collection will be taken," Mrs. Bryant said. "Proceeds will be used by the Dr. Knox band for band trip and appearances during the year."

Trucker Had A Hope That Evaporated

PROVIDENCE, R.I. (AP)—A trailer truck's load shifted at a slight downgrade and 1,000 cans of beer spilled all over the intersection and before the driver could stop, motorists and pedestrians scooped up all the beer and first thought they were going to help salvage the load," said Edmund Vandercaas, teller Jr., wistfully.

Slow Start Warble May Replace Ring

LONDON (AP)—A new telephone that warbles instead of ringing was introduced to the British public this week as London's design centre.

The warbling starts softly and builds up to a loud but not nerve-shattering sound.

National Honor Society Instituted At Immaculata

The National Honor Society, a chapter is the highest honor that can be accorded a high school student.

Father Francis Goddard, principal at Immaculata, told the 220 students and parents in St. Joseph's hall the chapter was the first established in Canada.

"The organization is sponsored by the North American National Association of Secondary School Principals," he said. "Head office is in Washington, D.C., and in the United States, election to

membership must be elected by the faculty of their school. Total membership cannot exceed five per cent of the lowest grade, 19 per cent of the Grade XI enrollment and 15 per cent of the Grade XII enrollment."

QUALIFICATION
"A student to be nominated, must first be on the school honor roll through having at least a B average."

April Wetter Than Normal But Temperatures Were Higher

April this year was a wet month with an average temperature, C. P. Erridge, volunteer weather observer, said in his climatological report. It was warmer than last year.

Ten year average temperature for the month is 48 degrees and average precipitation is .75 inches.

April 1965 had an average temperature of 48.3 degrees and precipitation was .96 inches.

April 1964 was cool and dry, with an average of 46.45 degrees and a rainfall of .39 inches. Precipitation in April 1964 was the lowest in five years. In April 1963, a total of 1.43 inches was recorded.

Temperatures this year reached freezing or below on 10 of the 30 days, the same number as last year. Comparative figures show four such days in 1963 and five in 1962.

The highest temperature, 73 degrees, was reached on April 27 this year and the low of 26 occurred April 4, 7. In April 1964, the high was 66 on April 7, 24 and the low was 24 degrees on April 18.

Rain fell on seven days this year with .51 inches recorded April 1, more than the total rainfall for the same month in 1964. In 1963 rain fell on 14 of the 30 days.

The lowest daytime temperature was 44 degrees on April 1 compared to a daytime low of 47 degrees on April 22, 1964. On three days the temperature reached the seventies, 14 in the sixties, 11 in the fifties and two in the forties.

In April 1964 the temperature never did reach the seventies. There were 10 days in the sixties, 18 in the fifties, and two in the forties.

MUSICALLY SPEAKING
With BETHEL STEELE

With the Okanagan Valley Music Festival just around the corner next week and having made a very quick trip to Spokane last weekend to attend a part of the "Greater Spokane Music and Allied Arts Festival" there, I find myself with a few thoughts on Festivals in general which can bear airing.

As Canadians we were made very welcome and going from a small community to a large musical representation it was thrilling to observe the Young Artists' Piano Concerto Class with 21 entrants playing the Schumann Piano Concerto.

Each division of the music department of this festival has a young artists class for 20 and under. There is a prize of \$100 for each division and the honor of playing with the Spokane Symphony at a free concert later in the week completely separated from a final concert at which all eight divisions of the festival are represented.

There are as well, in piano, Solo, Concerto, Bach Romantic, Sonatina, Beethoven, Contemporary, Ensemble, Sight Reading and Open Sections division. The vocal, strings, accordion, wind and organ are set according to their own requirements. Wherever the music is not set, entrants are required to use the Musicians' of America syllabus and the Washington State High School Syllabus.

There are no age limits as such but each section of each division is divided into classes for grade school, high school, college and adult only. Where necessary these are subdivided into elementary, intermediate, and junior and senior.

To me this seems to be a more realistic approach to the problem than our own. There is a standardization of music performed; the entrants are performing against the par of the music itself rather than their age; and no one knows where anyone comes from except the committee in charge of entries.

"I found the atmosphere relaxed and co-operative, and immediately a class was finished in the various halls there was a line up for practice for the purpose of trying out the pianos and the testing of acoustics."

The adjudicators were available to all who wished to meet them after the adjudication. Only the marks of the winners were given and there were only general remarks by the adjudicator with each separate adjudication a matter between the performer and adjudicator alone.

There is a grand award of \$500 given to any entrant who shows the potential for a concert career in his or her chosen field.

Constance Keene, wife of the famed pianist, Abram Chasins and a great artist in her own right, was the adjudicator for the Young Artists' Piano Concerto Class. She said this class had been a great experience with the playing of an unbelievably high standard.

The day before she had traded the students on their lack of technique but that it was not necessary at all in any case in the Schumann. But she did reiterate the importance of the need for the tools of performance but that technique must never be the end but the means to an end.

The winner was a young 16-year-old student from Tacoma, Washington with mark of 85. She deserved every mark as she played with fine technical control and sensitivity of meaning.

This was a wonderful experience and we should work for reciprocity between our festival and the American way of musical competition.

Two Share Lions Prize

Two Kelowna people shared \$1,000 cash prize at the annual Kelowna Lions club giant bingo, Wednesday in memorial arena, V. G. Cottle, chairman said today.

"Winners were Mrs. W. A. Shilcock and Joe Major. Attendance at the bingo was very good," said Mr. Cottle. "The estimated total is from 1,200 to 1,300 people."

"All returns and expenses have not been counted yet but we expect to make more than \$1,000," he said.

Charles Patrick, publicity chairman of the Lions club said the proceeds from the bingo will go towards furnishings of the new wing to the David Lloyd-Jones senior citizens home.

"The Lions club is spearheading a drive for service clubs in the Kelowna district to raise \$20,000."

Jack Ritch, treasurer of the club said today "we expect to exceed the 1964 giant bingo total of \$1,300, which was given to charities."

He said a more definite total will be given in June when all the accounts have been received.

Clear Skies To Remain

Skies are expected to be clear today in the Okanagan valley and mostly sunny Saturday. Cold temperatures are expected tonight the Vancouver weather office said today.

Temperature readings in Kelowna, Thursday, showed a high of 65 and 34. A year ago the high was 61 and the low was 40.

It was cloudy with some rain on the north coast overnight but elsewhere it was clear and cold the weather office said. Crescent Valley was the coldest spot in the province with a low reading of 23.

In the southern part of the province a ridge of high pressure will give sunny skies but is expected to weaken gradually and cloudy milder weather will spread from the north on Saturday.

Low tonight and high Saturday at Penticton and Kamloops is expected to be 32 and 70 the weather office said.

Museum Open Six Days A Week

The Kelowna museum building, Mill St. will now be open Monday to Saturday, excluding Wednesday, from 10 a.m. to 12 noon and 1:30 p.m. to 6 p.m. and from 10 a.m. to 12 noon Sunday, D. W. Riley, custodian, said today.

"The museum will be closed Wednesdays until further notice," said Mr. Riley.

"A great interest in the exhibits has been shown by a large number of visitors, tourists and residents. The museum will open for longer hours during May."

"A most interesting exhibit is the wooden washing machine, still in working order and from the first decade of the century. It was given to the museum association by S. A. Chaplin, chairman of accession and inventory committee."

"The museum association is gradually acquiring equipment to furnish a kitchen of pioneer days," Mr. Riley said. "Any object suitable for display in an early day kitchen is welcome."

Assault Charge Costs Man \$250

David Dorfekson, Winfield, pleaded guilty in magistrate's court Wednesday, to a charge of assault causing bodily harm, and was fined \$250.

Charged with intoxication on a reserve, Amos C. Swart, Lil-loet, and Lorne A. Haron, no fixed abode, were each fined \$25 and costs. They pleaded guilty.

Gary C. Marshall, R.R.3, Ben-voulin Road, was remanded without plea to May 13 on a charge of committing mischief. He pleaded not guilty to a second charge of assault and was remanded to May 13 for trial.

POLICE WARN BIKE OWNERS

RCMP said today they are going to clamp down on pile riding bicycles in Kelowna without 1965 licence plates.

"The new plates were due January 1," police said, "but as no one uses a bike much in winter, we did not check."

"RCMP will start checking drivers now. People are reminded that anyone riding a bicycle within the city limits must have a 1965 plate."

Two Injured In Car Crash

RCMP said two people were taken to the Kelowna General hospital by ambulance following a two car collision at 7:35 p.m. Wednesday, at Richter St. and Clement Ave.

Drivers of the cars involved were Daniel Wiens, 1558 Pinehurst Crescent, and Melan Gavanski, 1213 Devonshire Ave., police said. Mr. and Mrs. Daniel Wiens were taken to hospital but were not admitted overnight. Damage is estimated at \$1,200. RCMP said Gavanski was charged with failing to stop at a stop sign.

Jacob Reimer, Kennedy Road, Rutland, was charged with theft under \$50 following a complaint from a city supermarket at 1:40 p.m. Thursday, they had detained a man, RCMP said.

Just Pause A Moment And Consider

Picture an organization whose sole aim is to ensure the health and welfare of the community.

Whose elected representatives give unparagonably of their free time.

Whose employees—also dedicated to this aim—are prepared to take salaries often much lower than those of other jobs.

Workers whose unselfishness shows itself in unpaid hours of overtime, in cheerfulness when all around is misery, in hope when despair is rampant.

An organization which provides the highest quality of help to the lowliest of citizens regardless of financial status.

One that creates employment opportunities for virtually every trade and profession imaginable—yet plows back its time and energies into unparalleled training programs for youth.

In the interests only of human betterment, it strives to employ the

most advanced equipment and to meet the challenge of the future by major research efforts.

Hampered often by lack of finances and facilities—it nevertheless strains to fulfill its promised function.

Some kind of fiction writer's Seventh Plain society?

No. Nothing quite so fancy.

Just the ordinary old community hospital. Praised when lives are saved and new lives created; thanked in times of serious illness; grumbled at during minor sicknesses; cursed when beds are not available; forgotten in times of health and sometimes ignored during appeals.

May 9 to 15 is Hospital Week. No donations will be asked—no praise sought. But do one thing, neighbor.

Pause and spare a thought for the place and people that make yours a fuller, richer life—your community hospital.

The British Viewpoint

Several of the British papers comment on the United States intervention in the Dominican Republic.

THE SCOTSMAN — Edinburgh (Independent):

—says that President Johnson must have foreseen that the intervention would present a wonderful opportunity for Communist propaganda throughout the world. He must also have foreseen that most Latin Americans would feel uneasy about the U.S. landing.

THE SCOTSMAN goes on:

"For the moment, while the situation remains confused, and while the motives and leadership of the Dominican rebels are in doubt, it is best to suspend judgment. But it is quite clear that the United States has a good deal of explaining to do.

"The original reason for sending in Marines and paratroops was to protect the lives and property of the United States citizens; but as the civil war went on a secondary reason emerged—to prevent Communist elements from gaining power in Santo Domingo before the Organization of American States can take over the task of restoring order. The crucial point now is how much the rebels fighting in the name of ex-President Bosch want him back and how much his name is being used as a front by Communist infiltrators. His unconstitutional dismissal in 1963 has now been made the pretext for trouble and loss of life. Free elections, rather than rebellions, will show whether he is wanted back as President."

THE TIMES (Independent) says the Americans have got themselves involved in the Dominican Republic in just the sort of situation they would most like to avoid. They will be easy targets for Russian attacks in the Security Council and for indignant protests in almost every Latin American country. THE TIMES continues:

"If President Johnson has taken the deliberate risk of touching Latin American feelings on their most sensitive spot by recalling the days when Theodore Roosevelt policed the Caribbean with Marines, it is presumably because American feelings, too, have been touched on their most sensitive spot—the prospects of another Castro-like regime being established in another Caribbean island. Such fears may sound exaggerated. Sr. Bosch, the

ousted President for whose return the revolutionaries are calling, is no Communist. In fact, it was with manifest pleasure that Washington saw him elected in 1962.

"On the other hand, there are plenty of precedents for a liberal revolution gliding quickly towards extremism. The state of near anarchy in the capital is another excuse for strong measures. Neither the government junta nor the revolutionaries seem to be in full control of their forces. If the ring is held by the Americans, negotiations for a cease-fire, and even for a settlement, might get under way—though this would be easier if Washington had been more tactful in its handling of the Organization of American States. It acted first and consulted the OAS afterwards, which has naturally caused offense. President Kennedy, in the Cuban crisis, showed that quick action and consultation could go together.

"Now President Johnson's main object, apart from preventing the establishment of a Communist regime, must be to avoid having to take over the whole country. If he was forced to do this there would be a shudder of alarm throughout the Americas."

THE GUARDIAN (Liberal) says the situation is tense and the involvement of American troops has touched on one of Latin America's rawest nerves. The paper comments:

"At the Security Council, the Americans will argue that the problem should best be left to the Organization of American States. It has occurred, after all, in their back garden, not in ours or the Russians'. But they are hardly likely to escape criticism among their friends in the OAS, for their action may well amount to a breach of Article Seventeen of the OAS Treaty, which states categorically that the territory of a state may not be the object, even temporarily, of military occupation under any grounds whatsoever.

"Unless the United States can convince the OAS and Latin American opinion that their motives were pure, the latest currents of anti-Americanism, not just in the Dominican Republic but throughout the continent, may rise to the surface. If this happens the matter will become of more than local interest."

"Pot" Smoking Gains Popularity

By DENNIS ORCHARD
Canadian Press Staff Writer

Marijuana, smoked in the Orient for 1,000 years, is a relatively new big-city problem in Canada.

The leaves and flowering tops of the hemp plant, rolled into stubby cigarettes and tucked into penny matchboxes, make their way in growing quantities to the three largest cities—Montreal, Toronto and Vancouver.

A Cross-Canada survey by the Canadian Press shows that, aside from an occasional arrest, there is no evidence of marijuana-smoking on a significant scale elsewhere in the country.

Right now the spotlight is on Vancouver. The city has fewer "pot" smokers than Montreal or Toronto but their numbers are increasing quickly. And the weed is being taken up by students in some cases.

Police Chief Ralph Booth says marijuana "is fast becoming a major, serious social problem, affecting our younger generation in the high school and university levels."

A Vancouver co-ed, described by her professors as a near-genius, went to jail for six months, convicted of marijuana possession.

Small groups exist in both Vancouver and Toronto, urging marijuana be made legal for import and consumption. They argue that the drug produces no

physical dependence and deserves the same legal and social status as alcohol.

In the 12 months to April 1 this year, 15 charges were laid in Canada for offences involving marijuana. More than half the cases still are before the courts.

Few of those charged have been in court before. Practically all were in the big cities. The Atlantic and Prairie provinces were almost void of known marijuana use. Newfoundland courts have never dealt with a narcotics charge.

Police in New Brunswick and Nova Scotia report no known or suspected use of marijuana in recent memory.

Save for the discovery of a home-grown hemp plant five or six years ago, Winnipeg police files are bare all the way back to a rash of trafficking 25 years ago. Regina has no known use and Edmonton reports only two seizures in the last decade.

"People coming in from the West Coast or from the East" are blamed by Supt. L. S. Grayson, superintendent of the RCMP's Calgary detachment, for marijuana's appearance there. Calgary police make "one or two seizures a year."

A \$2,000 fine for marijuana measuring 10 by four by two inches was seized Jan. 26 in an Ottawa raid and six persons were charged with possession. But this was Ottawa's only marijuana case in years.

TO YOUR GOOD HEALTH

This Is Incurable But Not Fatal

By DR. JOSEPH G. MOLNER

Dear Dr. Molner: My 13-year-old daughter has porphyria, which I am told is incurable.

Please tell me what it is, and if it can be fatal, in language I can understand.—MRS. R. W.

Certain necessary chemicals in the body are colored, hence are called pigments. Blood is red; other pigments control the color of the skin, hair, eyes. They are present for purposes other than merely giving color, of course. The red, iron-containing cells of the blood, are the cells which carry oxygen, for one example.

Now when the body is unable to handle certain of these pigments properly, we have a disease called porphyria. (Other diseases can involve other pigments. Jaundice is one example.)

With porphyria, attacks can be triggered by too much sunshine; the use of barbiturate medications; some infections; or attacks may occur during menstrual periods.

Various systems of the body may be affected, but violent abdominal pain is one of the common consequences. Mental symptoms and muscle weakness may occur. One of the diagnostic signs is that urine is discolored and becomes a dark burgundy on standing. Then chemical analysis reveals the presence of porphyria.

The underlying cause is an inherited trait—in short, it is hereditary, but it is not overly common.

It is incurable, but you must not think of it in terms of a fatal disease. Indeed, some patients recover from it automatically over a period of years, although they haven't been "cured."

There is no specific treatment. Rather, the goal of the doctor (and the patient) is to prevent attacks. In the main this means avoiding excessive sun, especially if the skin seems to be affected in attacks;

avoiding barbiturates in any form; and treating infections promptly. (It is wise to avoid sulfa, however.)

If sedation is needed, tranquilizers may be used, but not barbiturates, steroids (cortisone-type) hormones sometimes are tried.

Dear Dr. Molner: Is the fluoride which is put in drinking water the same as that which is found naturally in some localities? What is fluoride made of? Is it available in drug stores?—J.C.S.

Generally speaking, sodium fluoride is used in drinking water; when found naturally in water it is more usually calcium fluoride. Either contains fluorine, which is the important element. Fluorine isn't made of anything. It's a chemical element. Tablets can be obtained from druggists.

Dear Dr. Molner: Our doctor told us not to eat pork unless we cooked it for 35 minutes or we might get a parasite disease called trichinosis. Is this a worm that gets into your body? If it is, I shall never eat pork again.—MRS. E.P.

Yes, the trichina can exist in pork, and if the live eggs or worms get into your system, you can get trichinosis.

But that's no excuse for not eating pork. Just be sure any trichina will be destroyed by proper cooking.

The 35-minute figure is probably good enough for ordinary purposes, but with a very large pork roast, a longer time would be necessary. For complete safety, be sure that the meat is thoroughly cooked all the way through—until it is a grayish color, NOT pink. Pork is a highly nutritious meat.

There is such a thing as beef tapeworm—as well as fish tapeworm. Thorough cooking provides safety from all of the worms. You aren't going to stop eating beef now, are you? I trust not.

New Search Set For "Snowman"

NEW DELHI (AP) — An American mountaineering hero, Norman G. Dyhrenfurth, plans to search the Himalayas to see if the abominable snowman exists.

Dyhrenfurth, leader of the American expedition that conquered Mount Everest, in 1953, says he is "firmly convinced the Yeti exists," and is ready to spend years if necessary to prove it.

Past Yeti-hunting expeditions, he said, have been all wrong in their approach or grossly unscientific.

That goes for the expedition led by Sir Edmund Hillary, the New Zealand mountaineer, who ended a four-month hunt in 1961 with the opinion that the Yeti is a myth in the minds of Nepal's mountain people, Dyhrenfurth said.

The mountain people say the Yeti is about 5½ feet tall, covered with reddish brown hair. He is said to stand erect, lope across the mountain slopes in nighttime forays for food, and sometimes attack people.

OTTAWA REPORT

Minister Explains Budget To Press

By PATRICK NICHOLOSON
Daily Courier Ottawa Bureau

The presentation of the budget is one of the highlights of the parliamentary year, entailing unusual restrictions and activities in the interests of secrecy and urgency.

Journalists could not digest the complicated proposals without explanations, nor report them accurately and swiftly, just by listening to the minister of finance delivering his budget address in the Commons.

So the "locked room" technique has grown up as a tradition on Parliament Hill. Members of the Press Gallery, reinforced by the visiting financial editors of some big newspapers, are admitted into the huge railway committee room several hours before the finance minister begins to speak.

There, sworn to secrecy until release time, and locked in until the minister begins his speech, journalists may obtain advance copies of the whole speech. And to explain the arcane financial mysteries, the deputy minister of the finance department and several of his departmental experts are present.

Thus for three hours, to the accompaniment of coffee and sandwiches and the clacking of one hundred typewriters, reports of the budget are written and made ready to be telegraphed to newspapers and broadcasting stations.

WORK-THEN PLAY
By long tradition also, when continuous adjourns for the day at 10 p.m., the minister, with his ordinal behind him, visits the lounge of the Press Gallery where light banter, serious questions and a needed scotch-and-soda provide a 30-minute postscript to an eventful day.

This year new events were introduced, perhaps founding new Budget Day traditions. The minister held a 10 p.m. reception in his own office, attended by more than 200 journalists and MPs. Then he did something which no finance minister has done before: he crossed the Ottawa River to visit the government printing office in Hull, Quebec, to see the night watch there printing the Hazzard report of his budget speech.

The following day, more analytical interpretations and considered reactions to the budget began to permeate—in contrast to the rush factual report of the actual proposals. To assist this, the conservative finance minister, Walter Gordon, this year sent a personal note to about 30 journalists, whom he described as those "having special interests in financial news," inviting them to lunch with him on the day after the budget. "It seems to me that an informal discussion of any questions relating to the budget would be very useful," he added.

Thus we all gathered at 12:45 in Parliament Hill's famed Room Sixteen, a green and gold echo-drome which looks like a cross between a baron and a Turkish bath. We were greeted by the minister, and again these departmental experts, so over an excellent lunch of soup, steak and fiddleheads and fresh fruit salad, washed down by a good French red wine, that informal discussion took place.

After coffee, Walter Gordon rose to his feet at 1:45 p.m. and offered to answer questions—an offer which was avidly taken up to keep him busy fielding curve balls until the bells rang to announce the opening of the House at 2:30.

am like Pavlov's dogs," apologized our genial host, and long custom made him obey the summons of the bells.

NO MISUNDERSTANDING
With that thorough series of opportunities for questions, there can be no risk that Walter Gordon's budget will be criticized in error. But differences of opinion there certainly are, between the able minister and his grateful guests.

That's one reason why the president of the Canadian International Paper Co. had few reservations last spring about opening the company's network of logging roads to the general public—hunters, fishermen, campers and Sunday drivers.

Now he's glad he did. The public responded to the gesture by minding their forest manners.

From May 1 to Sept. 13 last year, 250,000 people were checked through the roads, and thousands others entered in areas where the company has no control gates.

Yet, says Mr. Hinman, figures show that of 170 fires which burned 18,700 acres in CIPC forests last year, only 26 were attributable to the outdoors-loving visitors, a vindication of his trust.

Mr. Hinman's philosophy goes further. He says you have to take people into your confidence, and ask their help if you want them to reciprocate.

MAPS SUPPLIED
So the company embellished the open-road policy by providing colorful, detailed maps of each division, and kept visitors informed on road and forest conditions through 25 weekly radio broadcasts.

A long-range plan for camp sites and facilities for roadside picnics on these roads was also inaugurated. The company has 6,000 miles of privately built gravel roads in five woods divisions in Quebec and New Brunswick. These embrace 25,

000 square miles of forest. Officials describe the first year of the forest-travel program as "outstanding success."

In one seven-day period in July, the company counted 11,351 visitors. Lowest number of the season was 4,944 for a one-week period in October.

"We have never actually kept anyone off our roads," says Sean Kearns, a company executive. "But last year was the first solid effort we ever took to let them know they were welcome."

PARIS (Reuters)—For 16 men in France, life holds few terrors like a plea from their wives that they be taken out to dine.

The 16 men, headed by Andre Trichot, are the inspectors whose reports make up the massive Michelin guide to France's hotels and eating places.

This year's 1,013-page edition of the guide, almost a bible to the French gourmet and much used by others with lesser demands of a meal, lists 8,917 hotels and 3,175 restaurants.

Each of the Michelin team covers about 15,000 miles a year to ensure that every eating place is awarded the grading it deserves.

A dozen food places are given three stars this year, 63 two stars and 548 one.

In some areas, an inspector has to cope with two large luxury meals in a single day.

Skubiak-Clarke Ceremony Held In Anglican Church

Archdeacon D. S. Catchpole officiated at the pretty afternoon wedding held in St. Michael and All Angels' Church on April 24, when Janet Mary, daughter of Mr. and Mrs. Arthur R. Clarke, became the bride of Michael Harry Skubiak, son of Mrs. M. Skubiak and the late Michael Skubiak of Kelowna.

Baskets of spring flowers decorated the church, and the radiant bride walked up the aisle on the arm of her father wearing a floor-length gown of crepe-back satin. A short lace jacket with sleeveless sleeves covered the fitted bodice of her gown, and her full skirt fell gracefully into a semi-train at back. Her shoulder-length veil of tulle framed a cascade of red roses interspersed with stephanotis.

For "something old-something borrowed-something blue" the bride carried an heirloom handkerchief, and she wore a blue garter.

Miss Colleen McCune of Calgary, the maid of honor, and the bride's two sisters, Miss Trudy and Miss Roma Clarke, who were her bridesmaids, wore identical full-length gowns of aqua blue crepe-back satin fashioned with fitted bodices, full skirts and short sleeves. Their headpieces were bows of matching material surrounded with tulle, and they carried bouquets of pink and white carnations.

Best man was Kelvin Greenwood of Kelowna, and James Halliday and John Mitchell ushered the guests to their seats.

At the reception following the ceremony in Tintling's Yeoman Room, the mother of the bride received wearing a rose pink coat and dress ensemble with a hat of blue and white straw trimmed with green leaves. Her accessories were white, and she wore a corsage of red sweetheart roses. The groom's mother, who assisted her in receiving the guests, chose a dress and jacket in a soft peach shade with a beige hat and beige accessories accented with a corsage of white gardenias.

On the centre of the lace cloth covering the bride's table a lovely three-tiered wedding cake, made by the bride herself, nestled in white tulle and was flanked by tall white tapers in double cut glass holders. The top layer of the cake was ornamented with a small container of red roses, and the tables for the guests were decorated with pretty arrangements of spring flowers.

The toast to the bride, proposed by the master of ceremonies, Bert Mitchell, was ably answered by the groom, and the toast to the bridesmaids was given by Kevin Greenwood. Telegrams of congratulations were then read from Glastenbury, Somerset, and Ilane Hill, Sussex, in England and from Arizona and Kamloops.

Out-of-town guests attending the ceremony included Mr. and Mrs. A. Hamilton with Elizabeth and John from Vancouver; Mr. and Mrs. R. Neil and Miss Dawn Neil from Burnaby; Miss Colleen McCune from Calgary; Mr. and Mrs. R. Labron with Terry and Ann from North Vancouver; Miss Mary Skubiak, sister of the groom, from Valemount.

ANN LANDERS

Pay More Attention To Where You Sit

Dear Ann Landers: I have a son who is very fat. He is also a black eye and that's rich. Her husband owns half the lumber in North Carolina. This fat son came to visit us a few days ago. I know it was a dumb thing to do but I accidentally left my cigarette on a chair in the living room. Well, this fat son goes and sits right down on my leg and smashes it in a hundred pieces.

She didn't say one word about buying me a new leg. All she could talk about was how kids today don't take care of their things and how the sound of that collapsing leg almost gave her heart failure.

I think it was mighty cheap of me not to offer to buy her a new leg. She could buy me a whole store full of legs and not miss the money.

Please tell me what you think about this, and if you can help me in any way I would appreciate it. A whole lot—FORMER OWNER OF A UKELELE.

Dear Former Owner: I agree with your aunt that you should not have left the leg on the chair, but then people should pay some attention to where they sit.

These might have been a dining table, a small child on that chair. This column appears in many cities in North Carolina. Let's hope Auntie sees your letter and comes through with a new leg.

Dear Ann Landers: Your advice to the three career girls who were planning a vacation together to "split up" and "avoid hunting in packs," was as dumb a piece of counsel as I have ever read.

I am a bachelor 50 years of age. The idea that any girl (alone or with friends) could snag a husband while on a vacation is insane. Any man who has the brains he was born with knows he can't tell anything about a woman unless he sees her in her home environment.

A man wants to know about a woman's cooking. He wants to see what her apartment or home looks like. He wants to know about her reputation. He is interested in the way she treats her mother and father. These things cannot be learned on a vacation.

Where did you get THAT piece of advice, Ann? Out of a travel brochure? You sound as dumb as the girls who wrote. I call it the cripple leading the blind—FREE AND HAPPY.

Dear Free: You sound like such a sweet, adorable guy I can't understand why YOU are still single. Maybe it's because the women in your home town all know you. Why don't YOU take a vacation, Bub?

Dear Ann Landers: We have known this couple for several years. They are the kind who are so lovey-dovey on Monday you could throw up. On Tuesday

Junior Auxiliary Welcomes Three New Members

Three new members, Mrs. A. D. Moulton, Mrs. W. A. Hemmett and Mrs. N. Rumley were welcomed by the president, Mrs. Louis Rampone, to the April meeting of the Junior Hospital Auxiliary.

Volunteer Services' director Mrs. Len Leathley, reported that six new Candy Strippers are now working in the hospital, and members were pleased to learn that Mrs. Leathley will chair a workshop on volunteer services at the Okanagan Regional Auxiliary meeting on May 11 in Kamloops. Later in May she will travel to Vancouver to attend the Institute of Volunteer Directors.

A Fall Fashion Show to be sponsored by the auxiliary has been tentatively set for October 6, and Mrs. J. P. Curill is already hard at work on this project.

Mrs. G. Courcier, regional representative for Okanagan Region Auxiliaries, spoke to members of the Women's Auxiliary and Junior Hospital Auxiliary on Wednesday afternoon, April 28, and urged that as many members as possible attend the regional meeting, as this year the provincial president, Mrs. Bennett, will attend. Mrs. Courcier also stated that last year the auxiliaries in this district raised \$40,000 of which approximately \$30,000 was used to buy equipment for the various hospitals. Volunteer Services, she said, are also playing an increasingly large part in the auxiliary work and may become one of the major projects in the future.

Auxiliary members are working very hard on their annual fair to be held in the hospital grounds on May 12 at 2 p.m. and urge the public to turn out and make this the biggest and best fair ever held in Kelowna.

Dear Ann Landers: In September I married a man who lost his wife six years ago. We get along well together and our marriage is just about perfect. There's only one serious flaw. My husband's daughter, Janice, who is married and has two small children, lives 10 minutes away. She refuses to let her husband or her father-in-law see her. She can't bear to come here because there are too many memories. She grew up in this house and was married in the living room.

My husband and I must go to her home if we wish to see her and the family.

I have begged her to make the effort but she says she can't. Her father is the type who never lets his unhappiness show, but I know he is hurt. Any suggestions?—IMPASSE

Dear Impasse: Continue to visit Janice in her home and stop begging her to come to yours. Make it clear that she is welcome anytime but that you will not ask her again. I'm betting when you no longer let her hurt show she'll change her attitude.

Silent riding, total performing... This is the way to drive into Summer!

We've put a whole lot of spirit into the new FORDs. There's a new 240 cu. in. Big Six, standard on all Custom, Custom 500 and Galaxie 500 models—more powerful than any other Six in FORD's class. (And even more economical than last year's Six.) The exciting 352 cu. in. V-8 is standard on sporty Galaxie 500 XL's and luxurious LTD Hardtops—optional on other models. FORD's ride is right in the thoroughbred class. Owners call it the sweetest-riding FORD ever. The 3-speed Cruise-O-Mat is FORD's very own. The middle gear gives you better passing acceleration. The Second Driving Range starts you in middle gear for surer take-off on slippery surfaces. We haven't forgotten your comfort. There's more room, softer cushioned seats and Silent-Flo ventilation on 4-door hardtops. Test drive a new FORD soon.

Test drive and compare Ford's new quietness

Belgo Domestic Water Under Study By Users

RUTLAND—The annual meeting of the Belgo Domestic Water users, held in the lunch room at the Rutland Secondary school on Tuesday evening, discussed at some length the pros and cons of setting up a water-works district separate from the Black Mountain Irrigation District.

The business of supplying the domestic water is now handled by the Black Mountain Irrigation District, and the users have a committee of four to meet with the RMID board on domestic water matters. William Jurome and Frank Duncan, two members of the committee, said the increasing subdivisions taking place in their area might result in a large group of owners of small acreages and lots getting eventual control of the irrigation district, possibly to the detriment of the orchardists.

Felix Casorso and others contended that the Belgo domestic water users were better off as they are, and to set up a separate small district for domestic water would only increase the operation costs.

ALL ANGLES

A resolution authorizing the incoming committee to investigate all possible angles of the question was carried by a large majority.

The meeting was chaired by F. A. Stevens, chairman of the RMID, and Albert Beisel, as Superintendent of the irrigation district, reported on the state of the domestic system.

Of particular interest was the report on the new well and pump house above the Gopher Lake reservoir. All the work is completed, and 4,600 feet of transit pipe installed from the well to the present domestic system, and the pump installed, but there has been a delay in getting the West Kootenay power hook-up, due, it was stated, to their men being busy with power line changes on the new four lane highway.

The financial statement, presented by C. E. Sladen, showed total revenues of \$5,714 and operating expenditures of \$2,284, leaving a credit balance of \$3,430. Capital expenditures amounted to \$5,655, resulting in an excess of expenditures over revenue of \$1,961.64.

The domestic system started the year with a balance in hand of \$3,897, so are still in the black with \$1,935.33.

Election of committee members resulted in the return of Perry Goss, William Jurome, George Whitaker and R. G. Barry for another year, by acclamation.

Centennial Plan Backed By PTA

VERNON—The Vernon Parent Teacher Association has decided to support the national federation in undertaking five centennial projects. It was decided to raise a contribution from the association's membership individually and as a group at the next general meeting in June.

All contributions on behalf of individuals and associations will go to the centennial project fund of the national body. Two thirds of the money raised will support national projects the other third made by the provincial groups as a whole, will go towards 1967 projects to be undertaken by the B.C. Parent-Teacher Association.

Mt. Boucherie IODE Increase Annual Bursary For Student

WESTBANK—Mount Boucherie Chapter Imperial Order Daughters of the Empire this year has increased its annual bursary for a student of George Pringle Secondary High School from \$150 to \$200, and education convener Mrs. C. H. Barnard told member at the April meeting a committee will choose the student to whom this award will be made on the occasion of the June 4 graduation ceremony.

Book awards will be made also in three leading grade VII students at both Westbank and Lakeview Heights elementary schools. A letter from Brian Kemp, principal of the chapter's adopted school at Big Creek in the Cariboo thanked members for gifts recently sent, including apples at Easter.

Mrs. Barnard reported that well over 200 books were contributed for elementary school libraries at Westbank and Lakeview Heights at last week's tea, as well as more than \$20 in cash, which will provide additional books.

Derek Parkes, Westbank Scout and Cub group committee secretary, notified the chapter that the Boy Scouts will be delighted to take charge of the flag, raising and lowering it at Westbank as occasion requires. A new Canadian flag is being ordered by the chapter for this purpose.

CONVENER
Convener for services at home and abroad, Mrs. Paul Brown told of another shipment of pocket books sent to Canadian servicemen in West Germany, for which thanks had been received, and said also that many articles for IODE nursery bags have been bought.

Mrs. Alex Windt reported gratifying sales at the thrift shop in Kelowna, which Mt. Boucherie Chapter shares with Dr. Knox Chapter, and from which both derive income. Donations for this shop are always welcomed and in Westbank may be left with Mrs. C. F. Hosins, she said.

Regent Mrs. W. M. MacLaughlan, presiding at the meeting, reported on the provincial IODE convention held recently in Vancouver, at which she and standard bearer Mrs. Windt represented Mt. Boucherie Chapter.

Hostess for the April meeting was Mrs. R. E. Springer, and inviting member to her home for the May 26 meeting was Mrs. Barnard.

SEE WORK
Their donations to the promotion and educational fund were passed to be sent to the grand council. The promotional fund is to assist in promoting new Bethels. The educational fund is used for scholarships for Job's Daughters of which there were 11 in 1964.

In the past, two of these scholarships have come to Bethel No. 39. One of the highlights of the grand session in Vancouver was a tour of the Cancer Institute, so that the girls were able to see where their donations of more than \$45,000 in the past 11 years have been spent. The next meeting will be May 18, and will be initiation, election of officers and installation of the Guardian Council.

LAKEVIEW HEIGHTS
Mr. and Mrs. Frank Atkinson of Stevens Road, have returned home after visiting in Easter week in South Burnaby with their son-in-law and daughter, Mr. and Mrs. Ernie Matland. They attended the wedding of their daughter Dorothy to John Hutchings of Vancouver.

Leafs Suffer Defensive Lapse And Beavers Rap Home Seven

SHERBROOKE, Que. (CP)—The Beavers took advantage of a weak Nelson Maple Leafs defence Thursday to bang in seven goals in the third period alone for a 3-2 win and a 3-0 lead in the best-of-seven Allan Cup final series.

"We'll wrap it up in four straight Saturday night," predicted Georges Roy, Sherbrooke playing coach, following the game. The Leafs playing coach, Booby Kromm, said his team can still win a game here.

Nelson skated well during the game but lacked finish around the nets and missed several good scoring opportunities. The Leafs' goalies, both Martin and Beavers' goalies, Aubrey and Martin, were excellent.

Both Martin and Beavers' goalies Aubrey dominated the first two periods of play with several outstanding saves. Martin stopped 26 and Aubrey 20 in the first 40 minutes.

Sherbrooke went ahead at 3:30 of the second period on a goal by Simon Nole and upped the score to 2-0 on a goal 19 minutes later by Jean Levesque.

TAKE 6-0 LEAD

When Nelson's defence fell apart at the start of the third period, the Beavers rammed home four goals by the 5:54 mark to take a 6-0 lead.

Nelson made the scoreboard at 5:19 of the third when Mike Laughton snared a rebound and batted it home. The team's second and last goal was scored by Brian Russell who whacked the puck into Aubrey's net from a goalmouth scramble.

Rejean Richer and Georges Guibault paced the Sherbrooke third period attack at two goals apiece, with Rod Gaudreault, Claude Gaudin and Larry Brown accounting for the other Beaver goals.

Another Cyclist Suffers Injury As Six-Day Bike Race Nears End

TORONTO (CP)—Lussem hours raced into the lead and the Danish team was all but eliminated Thursday in the fifth night of the six-day international bicycle race.

Freddie Egeus, 34, partner of Palle Lykke of Denmark, crashed to the floor off the highly-banked end of the oval track and broke his left collarbone.

The Danish duo, in fourth place after Thursday's races, had been rated as second favorites in the marathon after Rik Van Steenberghe and Emile Severijns of Belgium.

About half of Thursday night's peak crowd of 3,500 watched Egeus win the fourth sprint of five at midnight.

As he crossed the finish line and went into the 55-degree turn, second-place finisher Hans Kusters, riding for the United States, reached over to give the swift Dane a friendly pat on the back.

He touched him at the wrong time, as Egeus was slowing down to about 35 miles an hour, and coming down off the top of the track. He lost his balance, somersaulted off the bicycle and tumbled onto the track, rolling over and over until he came to rest on the cement floor of Maple Leaf Gardens.

Flyers Stifle Oil Kings Again Despite Huck's "Fine Show"

EDMONTON (CP)—Jubilant Edmonton Oilers dominated one dressing room and gloom the other after Niagara Falls Flyers stopped Edmonton Oil Kings 3-1 Thursday night to take a 3-0 lead in the best-of-seven Memorial Cup final series.

Niagara Falls players appeared confident they could wrap up the national junior hockey championship in four games, but coach Bill Long declined to be drawn into a discussion of how long it might take.

Edmonton's two coaches and manager Leo Leclerc were dismayed at their club's performance. The Kings trailed 2-0 after the first period, 3-1 after the second and failed to skate virtually throughout the third session. There were 4,957 fans at the game.

Harry Allen, who runs the club from the bench, said only about five Oil Kings played well. Buster Brashaw, who handled the Kings until an illness during the Western Canada semi-final, said he has never seen one of his teams check so poorly.

Brashaw promised the Kings will work hard every day until the third game of the series Monday.

"We may lose this thing—we will for sure if we don't smarten up—but we won't go out this way," he said.

DEBRODY SCORES TWO

Kings were outkicked and outbumped almost from the opening faceoff. Bud Debrody led the Flyers attack with two goals and one assist.

Centre Fran Huck scored the Kings' only goal, a victim drive from the right point during the second period while the Flyers were two men short.

Huck was the Kings' outstanding offensive threat. Four of the Flyers' 14 penalties were imposed for infractions against the slippery speedster, picked up from Regan Patte.

It was Huck's first game of the series. Jim Cardiff of Western Red Wings also made his series debut.

Skeet Shooters Seek Title

ST. JANVIER, Que. (CP)—A five-way fight is shaping up for the Canadian skeet shooting championships which open today at the St. Janvier range of the Montreal Skeet Club.

The fight is between five Montrealers—Eddy Tuvo, Harry Willis, Nort Francis, Hugh Garland and Jean Gailand. They lead a tough field of some 200 shooters entered for the 10th Canadian and 18th Quebec provincial championships.

Tuvo has won the Canadian title the last two years. Willis was a member of Canada's Olympic team shooting team last year. Francis, who lost the Canadian title to Tuvo last year, is defending Quebec champion in the 20-gauge event. Garland has carried Canada's colors in international competitions and is one of the most consistent shooters in the country.

Operation To Enable Kidd To Run On Toes

TORONTO (CP)—Dr. William John Virgin, a foot surgeon who operated on Toronto runner Bruce Kidd here Thursday, says the distance runner will be on his toes in competition from now on.

Dr. Virgin said in a telephone interview a corrective operation on Kidd's ankle tendons will permit him to run on the front instead of the flat of his feet as he had done before.

A three-hour operation left the University of Toronto student with casts on both feet from the toes to just below the knees.

The surgery straightened out ankle tendons which snapped out of place three weeks before the Olympics last October. The dislocation put an abnormal strain on the long arch of Kidd's foot, making it difficult for him to run on his toes, said Dr. Virgin.

Scramble Develops In PCL For Eastern Division Lead

By THE ASSOCIATED PRESS

Oklahoma City and Denver posted victories Thursday night, while the leading Indianapolis Indians sat out a rainstorm, to throw the Pacific Coast League's eastern division lead into a three-way tie.

The Oklahoma City downed Salt Lake City 3-3 after a three-run outburst in the seventh inning on a walk, an error, a single by John Griffin and a two-run double by Jim Campbell.

Denver overcame Arkansas with two homers and a triple to score three runs in the top of the seventh and finish with a 7-4 tally.

The home runs by Johnny Goryl and Ted Uhlander and triple by Frank Quilici gave Arkansas starter John Booter his third pitching defeat in four starts.

Tacoma killed Portland 7-0 to take over the western division lead behind the six-hit pitching of Bill Hands. The giant hurler struck out 11 Beavers in taking his fourth victory without a loss and forced Portland into second place by one-half game.

The Tacoma team began by blasting four runs in the first inning and capped the scoring with a two-run homer by Otis Brown in the eighth.

Seattle committed five errors and Hawaii got five hits to wind up with a 3-0 win over the Angels. It was the first shutout of the season for Seattle.

The Angels also collected five hits, in keeping with the motif of the evening, and losing pitcher Hal Kistad added to Hawaii's advantage by issuing five walks.

Spokane's Mel Corbo topped off the first inning with a three-run triple and Vancouver's Mounties were unable to recover, losing 3-1. Vancouver's lone run came in the top of the seventh on a single, an infield out and a Spokane fielding error.

Temperament Ails Clemente

CHICAGO (AP)—An impatient manager Harry Walker agreed Thursday that the outfielder's outburst against inactivity was only temperament.

"We had breakfast together and we understood each other," said Walker following reports of Clemente's unapologetic playing under Walker and a demand to be traded by Pittsburgh Pirates.

Clemente, defending National League batting champion, told The Associated Press Thursday:

"You just blow off steam when you can't play. I don't want to be traded. I want to play—but not play bad ball."

Clemente, who batted .338 last year and .331 in 1961 when he also won the league batting crown, came to Walker's hotel room for breakfast.

Walker explained that Clemente said at St. Louis Sunday he wasn't feeling too strong and probably needed further rest.

"We certainly need him and whenever he thinks he really is ready, we'll welcome him in the lineup."

Lions Blank Day's Dodgers

Lions' pitchers, Don Stals and Doug Gerow, combined to throw a one-hitter and strike out 12 Day's Dodgers to lead their club to a 4-0 victory in Kelowna Little League action Thursday night.

Fairbairn worked three innings while Glen Kuper went the distance for the losers.

Laurie Kaiser of Lions and Ken Weninger of Day's each had a perfect one for one record at the plate.

Tonight at 8:30 at Little League park, Legion meets Bruce Paige and Saturday morning, Bridge Service tangle with Lions.

Next Juvenile Soccer Match On Saturday

In Juvenile League soccer action last Saturday afternoon at city park Martin School Legionnaires beat Central School Royal Anne's by a score of 2-1.

Legionnaires left winger Ronald Kunz and centre Rod Walker got a goal apiece, while the lone goal from Dave McClellan.

Next game will be at 1:30 p.m. Saturday afternoon, at city park.

"PLAY BALL" CRY STILLED THURSDAY

Kelowna's opening Connie Mack baseball fixture never came off Thursday night as scheduled.

The visiting Summerland team never showed up at Eiks Stadium and Henry "Hank" Tostenson, Kelowna co-ordinator, said apparently the visitors had an accident on the road, near Peachland.

He didn't have any more details but said their intentions were apparently good. "They were on the way."

He said it wouldn't be fair to penalize Summerland by charging them with a default if they were delayed by an unavoidable cause.

No decision on the outcome has been made yet. The league will rule later.

No Bout In Boston

BOSTON (AP)—Counsel for promoters of the Cassius Clay-Sonny Liston heavyweight championship fight announced today the fight will not be held in Boston as scheduled May 25.

Attorney Paul T. Smith, counsel for Inter-Continental Promotions Inc., told Superior Court Judge Felix Forte "this case has now become moot. The fight is not going to be held in Boston."

Smith's announcement came at the opening of a hearing on Suffolk County District Attorney Garrett H. Byrne's request for an injunction to bar the fight.

There was no indication where the fight will be held.

PORTUGAL WINS LISBON (AP)—The Portuguese soccer club Benfica of Lisbon beat Gyor Vasa of Hungary 4-0 in the second leg semi-final of the European Cup here Thursday night. Benfica was the first leg 1-0 and now meets either Liverpool of England or Internazionale Milan of Italy in the final.

Labs Falter At Kamloops

KAMLOOPS (CP)—Kamloops whipped Kelowna 13-7 in their first game of the Okanagan-Mainline Baseball League here Thursday night.

Kamloops exploded for five runs in the first inning off Kelowna pitcher Tom Martin after Kelowna picked up two runs. First Kamloops batter Dale Cassell hit a home run over the left field fence.

Martin was replaced in the bottom of the second by Les Shearer when Kamloops added another two runs, including a homer by Gerry Altom.

Kamloops gained another two runs in the sixth and three in the eighth and two in the ninth.

Other home runs were hit by Gordie Bescroft of Kamloops and Gerry Robertson of Kelowna.

Winning pitcher was Jack Fovles—striking out seven and allowing 12 hits. Tom Martin was the loser.

Kelowna Labatts next game is at home Saturday night at 8 p.m. Penticton will provide the opposition in the Eiks Stadium opener.

Roberts Hurls Four Hitter To Post 275th Career Win

By MIKE HATREY
Associated Press Sports Writer

Right-hander Robin Roberts posted the 275th victory of his 18-year career Thursday by subduing Minnesota Twins on four hits to give Baltimore Orioles a 3-1 victory.

It was Roberts' fourth win without a loss this season and lowered his earned-run average to 2.37.

Roberts, who came to the Orioles in 1962 after getting his release from New York Yankees, had an after-thought about his climb up the victory ladder.

"I noticed it most when I went past Bob Feller and Red Ruffing on the all-time victory list. Some of those names mean something."

So does Robin Roberts. He proved it again against the Twins, as he joined another Yankee reject, Ralph Terry of Cleveland, as the leading winner in the American League with four victories.

Only one other game was played in the American League. Los Angeles Angels running their winning streak to four as Bobby Knoop drove in four runs with a triple and a homer in a 5-4 victory over Kansas City. The New York-Cleveland game was rained out.

Roberts allowed the Twins only one run on Harmon Killebrew's fourth-inning homer that matched one by the Orioles' Brooks Robinson in the second inning off Jim Kaat.

So, with the score tied, Roberts took things in his own hands in the fifth inning, driving in the lead run with a single following a walk to Johnny Olin and Jerry Adair's single.

Knoop tripled home two runs for the Angels in the second inning and then built the lead to 4-0 with a two-run homer in the fourth inning. The decisive run, however, came across in the third inning on Jim Fregosi's triple and a single by Bob Rodgers.

Canuck Golfer Leads Field

FORT WORTH, Tex. (AP)—Soft greens and sparse fairways promised more sub-par rounds today as Canada's George Knudson, with a two-under-par 68, led a field of 72 top golfers into the second round of the \$100,000 Colonial national tournament.

One stroke behind the Toronto pro in the race for the \$20,000 top prize were five others, including Ben Hogan, a five-time winner over the 7,133-yard layout. The others were Johnny Fort, Gene Littler, Mike Souchak and Tommy Bolt.

The extra soft greens, which stopped a low-hooking approach shot dead in its tracks, gave the golfers a real break in Thursday's first round.

Detroit's Rookie Crozier NHL's All-Star Goalie

MONTREAL (CP)—Roger Crozier, rookie, instrumental in leading Detroit Red Wings to a first-place finish in the season just ended, is the National Hockey League's No. 1 all-star goaltender.

He is one of two Red Wings on the first of two all-star teams announced today. Montreal Canadiens and Chicago Black Hawks with two players each topped the four other first-team spots.

The teams, with the number of points each player received bracketed, are:

First team—Goal: Crozier (157); defense: Pierre Pilote, Chicago (133), and Jacques Laperriere, Montreal (110); centre: Norm Ullman, Detroit (159); left wing: Bobby Hull, Chicago (123); right wing: Claude Provost, Montreal (134).

Second team—Goal: Charlie Hodge, Montreal (79); defense: Bill Gadsby, Detroit (82), and Carl Brewer, Toronto (60); centre: Stan Mikita, Chicago (105); left wing: Frank Mahovlich, Toronto (71); right wing: Gordie Howe, Detroit (100).

Crozier's name is the only one that did not appear on the first team selected at the midway point of the season. Hodge was the leader then.

A native of Bracebridge, Ont., who at 23 is young for NHL goaltenders, Crozier had a 2.46 goals-against average in leading the Red Wings to their first season atop the league since 1957. He missed winning the Vezina Trophy, taken by Johnny Bower of Toronto Maple Leafs, by only two goals.

ROGER CROZIER
... strong finale

He was the only goaltender to compete in all 70 games. Because he played only portions of two of those games, his official record lists 69 1/2 games.

Crozier—like all the other players on the first team—got \$1,000 cash. The second-team members get \$500 each. Players who were named to the first team in mid-season or end-of-season voting also get \$500 each and those on the second team for either half-season get \$250.

will get \$500 for leading the second half of Flete and Marcel Pronovost of Detroit Red Wings in defense, Ullman, Mahovlich and Howe.

Here is a list of all players who received points, with points for the two half-seasons and the total in brackets:

Goal: Crozier (67-90—157); Hodge (72-79); Bower (67-77); Glenn Hall, Chicago (52-27); Terry Sawchuk, Toronto (40-13—53); Ed Johnston, Boston (34-5); Jack Norris, Boston (33-3); Denis DeJordy, Chicago (34-3).

Defense: Pilote (55-78—133); Laperriere (44-26—110); Gadsby (44-42); Brewer (32-28—60); Pronovost (1-55—56); Harry Howell, New York (40-13—53); Ted Green, Boston (21-15—36); Bawa (6-36—42); Tim Horton, Toronto (13-12—25); Leo Boivin, Boston (6-5—11); J. C. Tremblay, Montreal (2-8—11); Elmer Vasko, Chicago (10-4—10); Doug Barkley, Detroit (6-5—11); Allan Stanley, Toronto (5-4—9); Matt Ravlich, Chicago (6-2—8); Doug Jarrett, Chicago (6-1—7); Albert Langham, Detroit (6-1—7); Jean-Guy Talbot, Montreal (1-4—5); Rod Seiling, New York (1-4—5); Al MacNeil, Chicago (1-4—5).

Centre: Ullman (72-84—150); Mikita (32-33—105); Henri Richard, Montreal (16-5—21); Alex Delvecchio, Detroit (6-14—14); Bob Pulford, Toronto (9-10); Phil Esposito, Chicago (4-6—10); Jean Beliveau, Montreal (1-4—5); Phil Goyette, New York, (6-1—11); Dave Keon, Toronto, (1-4—5).

Left wing: Hull (90-33—123); Mahovlich (3-68—71); Bucyk

Pitcher Collects First Homer As Cubs Top Pirates 5-3

By HAL BOCK
Associated Press Sports Writer

Larry Jackson is ready to collect on an 11-year-old promise from a Boise, Idaho man who raises flowers.

Jackson, who won 24 games for Chicago Cubs last season, trotted out the first home run in his 11-year major league career Thursday when he thought about his friend back home in Boise.

"My good friend who promised me a \$100 present if I ever hit a homer finally will have to pay off," Jackson said after his two-run shot helped the Cubs to a 5-3 victory over Pittsburgh.

"He raises flowers, so I might take it out in a hundred bucks worth of posies."

In the only other National League game Thursday, Los Angeles beat Cincinnati 4-3. Jackson, who evened his record at 3-3, yielded three home runs to Willie Stargell and one to Jim Pagliarini.

When he walked Bill Vardon with two out in the ninth, Bob Kennedy, the Cubs' head coach, brought in Ted Abernathy. The Pirates loaded the bases before Abernathy retired Manny Mota to end it.

The Dodgers won their third straight from Cincinnati and ran their string to four victories in five games since losing slugger left fielder Tommy Davis with a broken ankle.

Dwight Gooden, called up from Spokane two days ago to replace the injured Davis, homered to break a 2-2 tie in the fourth and Ron Fairly homered in the fifth. Frank Robinson connected for the Reds.

Johnny Podres started for the Dodgers and got credit for his second victory but needed help from Bob Miller when his arm stiffened in the sixth.

Fruit Shippers Tee-Off May 13 In 35th Annual Golf Tourney

The 35th Annual Fruit Shippers' Golf Tournament will tee off at the Kelowna Golf and Country Club course Thursday, May 13, at 9 a.m., and wind up with a banquet and dance on Friday evening, May 14 at the Aquatic Ballroom.

The annual event, started in 1927, is sponsored by the industries that supply and service the fruit packinghouses of the central interior. It provides an opportunity for the supply houses

to meet their customers in a social atmosphere before the beginning of a new season.

It appears the forthcoming tournament will be one of the largest yet held, with approximately 120 to 130 male entries and 30 to 40 women.

There are nine main events with trophies and prizes in the men's section, and two nine-hole rounds for the ladies, involving four events.

Hees, Rockingham Honorary Ski Team Fund Co-Chairmen

The Canadian Amateur Ski Association announced that the Honorable George H. Hees and Major General J. M. Rockingham, C.B., C.D.E., D.S.O., E.D., have accepted the posts of honorary chairmen for the National Ski Team Fund.

Mr. Hees, President of the Canadian and Montreal Stock Exchanges is a keen and active skier regularly seen on Eastern Canada ski slopes. Mr. Hees also participates officially in a number of amateur skiing meets in the Laurentian Ski Zone.

General Rockingham, an ardent skier in Western Canada, is Officer Commanding Western Command for the Canadian Army at Edmonton. As such, General Rockingham has attended many C.A.S.A. meetings and has shown great interest in the association's programs.

Fund chairman, Ben Fuller, said regional chairmen are

forming committees of their own to canvass support in their respective areas as completely as possible.

Fuller said the appeal is toward getting the skiing public more interested and more directly associated with supporting the team on a national basis.

The exceptionally fine performances of team members this past winter, headed by international winners Nancy Green, Roddy Hebron, and Peter Duncan, serve to spotlight the tremendous influence the team can generate in all levels of skiing in Canada.

The assurance of a successful and increased program for this team, starting July 1, for which this fund is under way, can produce tremendous skiing leadership for junior racers and recreational skiers as well.

Fund chairman, Ben Fuller, said regional chairmen are

Race Horse Runs Amok On Flight

SAN FRANCISCO (CP-AP)—A flight engineer said Thursday he killed a Toronto-owned harness racing horse with a fire axe to save the crew of a cargo plane 8,000 feet above the Pacific Ocean Wednesday night.

"It was either him or the nine of us on board," said George Ropecan of Edmonton.

The six-year-old champion pacer from New Zealand, named Vanderford, had broken out of his stall and kicked his way almost to the plane's cockpit.

Vanderford was one of six New Zealand horses aboard a Pacific Western Airlines flight to Montreal. They had been purchased by United International Stables of Toronto, a horse-racing syndicate.

FORCED AGAINST DOOR In a 30-minute airborne drama, the horse's flailing hoofs forced Ropecan and Don McNutt, the trainer, against the cockpit door.

Ropecan said there was no gun available so he grabbed a nearby fire axe.

"I hated to do it," he said. The plane's captain, Art Bell, gave the order for the horse to be destroyed.

The drama occurred west of here. The four-engine plane had stopped last at Honolulu. Vanderford's owner valued him at \$70,000.

Quebec Pension Plan For Vote To Decide On System Used

QUEBEC (CP)—Premier Lesage said today the legislature will be asked to approve before Sept. 12 bills that together will set up a pensions system for the province.

He told the legislature's private bills committee that the bill actually establishing the system will be introduced in two weeks.

Mr. Lesage said 11 other bills will be necessary to amend existing legislation as a means of bringing private pension schemes also into the projected public system.

The premier said it is absolutely essential that the bills go through before Sept. 30 so that the pensions system can be put in effect in January.

He rejected a suggestion by the Opposition Union Nationale that a special session of the legislature be held in Sept. to deal with the pensions question.

He said the government wants to sign as quickly as possible an agreement with the Ontario government for transferability of the pensions of certain seasonal workers.

Tremendous Field For Reductions In Traffic Accidents Meeting Told

WINNIPEG (CP)—The Canadian Highway Safety Council meeting here has been told statistics indicate there is a "tremendous field for traffic accident reduction" where driver action or condition is involved.

Tom Mahoney, Ontario highway safety officer, told an annual council convention "it would seem that the high percentage of accidents involving driver behavior or attitudes should be classed as a social problem."

"The actions which cause these accidents, with death resulting in many cases and resultant harm to persons and property in others, are crimes just as much as murder or theft."

Mr. Mahoney said the public often withholds censure of the drivers because the act which caused the accident was not willful or because the operator was not aware of the law.

He said only so much safety can be built into any highway. Roads that control access highways were safer than others.

A popular misconception that accident incidence increases in direct relation to the speed of highway traffic was inaccurate.

Pound Booster Gains Approval

PARIS (Reuters) — The 18 richest member countries of the International Monetary Fund today announced approval of a British request for \$1,000,000,000 from the fund to bolster the pound sterling.

The countries, which form the Paris Club of Ten, have agreed to provide the IMF with extra money to meet the British demand, they announced after a meeting here.

Cambodia Rulers Explain To U.S.

PHNOM PENH (AP) — The government of Cambodia said Thursday it would resume normal diplomatic relations with the United States if the United States ends the war in Viet Nam and "shows a little respect and consideration for Cambodia."

The Cambodian position was outlined in a letter from Foreign Minister Rouk Wiek to U.S. State Secretary Rusk.

Draftcards Burned As Dominica Protest

BERKELEY, Calif. (AP) — Forty University of California students burned their draft cards in front of the Berkeley draft board Wednesday in protest at "the invasion of the Dominican Republic."

CONTRACT BRIDGE

By R. JAY BECKER
(Top Record-Holder in Masters' Individual Championship Play)

TEST YOUR PLAY

1. You are declarer with the West hand at Six Hearts. North leads the ten of spades and dummy's jack wins the trick. How would you play the hand?

♠ A K 5 2 ♠ J 8 8
♥ A K 7 6 5 4 ♥ 9 7 6 5 3 2
♦ A ♦ 10 9 8 7 6 5 4 3 2
♣ K 4 ♣ A Q

2. You are declarer with the West hand at Three Notrump. North leads the queen of hearts, on which South plays the seven. You duck and North leads the eight of hearts. South's king forcing the ace. When you play the king of clubs, both opponents follow suit, but when you continue with the eight, North discards a spade. How would you now play the hand?

♠ A K 9 ♠ A 8 8
♥ A 5 ♥ 9 8 5
♦ A J 10 9 ♦ 7 5 3
♣ K 7 6 ♣ A Q 5 4 3

1. Obviously, if the trump suit is divided 3-2, the contract is sure to make, so the assumption is made that they are divided 4-1. Similarly, if the spades are 3-3, there is no problem, so the assumption is made that they are divided 4-2 or 5-1. With North having the Q-10-9, the problem is to protect against both a 4-1 trump break and a bad spade division. The queen of hearts at trick two and then lead a spade. If South ruffs, you are sure of making the contract, so assume that South either follows suit or discards something.

You then enter dummy with a club and repeat the spade play. Again you are sure of the contract regardless of what South has or does.

This method of play is equally effective if North has the heart and spade length. In that case, you ruff the fourth spade in dummy and lose only a trump trick.

2. It is highly likely that North started with four or five hearts, rather than six. If he had had six hearts, South presumably would have played the king at trick one in order to unblock the suit.

Once this is granted, the contract can be guaranteed by winning the eight of clubs with the queen and continuing with a heart and discarding the six of clubs. The club discard unblocks that suit and permits declarer eventually to cash all five of his clubs. This method of shifting the attack to diamonds when the club block is discovered at trick four. The somewhat unusual heart play at trick five is 100% sure to make the contract and neither opponent was dealt six hearts.

YOUR HOROSCOPE

FOR TOMORROW

Some planetary restrictions now suggest that you be unusually careful in personal relationships. There will be a tendency toward stress and emotionalism on the part of those born under many Signs, so be patient and understanding with all. Be especially tactful in dealings with the opposite sex.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates fine prospects, not only for the year ahead, but for ten more years. As of two weeks ago, you entered the second year of the excellent 12-year planetary cycle governing all of your affairs and, while this year's pattern of achievement differs from last year's, the net result will be the same—Fine! That is, of course, if you make the most of your opportunities. For specific best periods for job advancement and recognition: mid-August, all of September and the first half of November. (The entire year should be productive in one way or another, however.) This applies to creative workers, too. For them, another excellent year, with the next two weeks excellent for accomplishment; also late June, late September

Victoria Bishop Explains On Animal Shelter Fight

Bishop Ronald de Roo of Victoria, says the Good Shepherd Animal Shelter near Victoria was ordered closed because of dissension among the nuns who ran it. Bishop de Roo said Mother Cecilia Mary, founder of the Benedictine Order Sisters of the Love of Jesus, had written the Vatican last year complaining of administrative problems within the order. Rev. Andrew Keber of Mission City, who was appointed by the Vatican to investigate the problems, found the nuns are getting on in years and their nerves are tense with overwork. To ease dissension and encourage novices to enter the small Order, Rev. Keber ordered the shelter to close. The order brought relations from Mother Cecilia and the five other nuns who operate the shelter. As things stand now a decision on the shelter has been deferred.

Owen R. Long, W. U.S. senator from Hawaii from 1959 to 1967, died at his Honolulu home Thursday. Long, territorial governor from 1961 to 1963, was elected to the Senate when Hawaii attained statehood.

Rear Admiral William M. Landy, flag officer Atlantic Coast, said Thursday night in Halifax naval personnel—including divers—may use their spare time or leave in any way they wish. The admiral was commenting on a charge by commercial divers here that "moonlighting" navy divers using navy equipment are taking jobs from civilian under-water workers.

Quesnel Mill Underway Soon
VANCOUVER (CP) — Cariboo Pulp and Paper Co. Ltd. has started preparation work on the site of its proposed \$60,000,000 pulp mill at Quesnel, it was announced Thursday.

The company expects to start construction of the 750-ton-per-day mill shortly. John Bene, president of Cariboo's parent company, Woodward of Canada Ltd., said Cariboo expected to receive the government's proposals for a contract shortly.

When negotiations have been completed and a contract signed, a formal program of construction will be announced, he said. The mill will be constructed on an 800-acre site at Quesnel River, east of Quesnel. A formal agreement with the province for timber harvesting rights has yet to be completed.

Princess Now Has "Friend"

THE HAGUE (AP) — A spokesman for the Dutch government information service indicated today that Crown Princess Beatrix is expected to become engaged to a West German commoner, Klaus von Amsberg.

The spokesman said von Amsberg, 38, an official of the West German foreign ministry in Bonn, was a "very good friend" of the 27-year-old heir to the Dutch throne and would be referred to as such "until an eventual engagement announcement."

He added, however, that he could not say whether a definite engagement decision had been taken.

Von Amsberg told the London Daily Mirror he was "amazed" that he had been named as Beatrix's future fiance.

"We have never discussed marriage," he said, "but I hope to see the princess again soon. She is a charming person."

Beatrix was scheduled to return today from London, where she acted as godmother Thursday at the christening of Subilia Louise Ammer, three-week-old daughter of Princess Margaretha of Sweden and her British husband John Ambler.

Two Books On South Viet Nam Show Gruesome Background

WASHINGTON (AP) — Two books, just out, about the war in South Viet Nam give a gruesome picture of a savage country—distraught, corruption, contempt and brutality—usual which the United States has spent about \$1,000,000,000 and hundreds of American lives to try to save it from communism.

The books are by two newspaper men, Malcolm W. Browne of The Associated Press and David Halberstam of the New York Times, who last year shared a Pulitzer Prize for their coverage of Viet Nam.

Both books, Browne's "The New Face of War" and Halberstam's "The Making of a Quagmire," were finished before President Johnson put bombers and marines into the war.

Here's part of the picture of the South Vietnamese people by Browne who has been in their country since 1961:

Most of them not only dislike Americans but hold them in contempt. He cannot think of one among the thousands of South Vietnamese officials he has known who does not hold his own people in contempt, and the South Vietnamese not only distrust one another but treat their own racial minorities atrociously.

STATES DIEM REGIME

One thing was always clear about president Ngo Dinh Diem who was assassinated in 1963 after being backed eight years solidly by the United States with men, money and weapons: he wanted all the American help he could get and no advice.

Halberstam, who reported from South Viet Nam for about 15 months, says of Diem: Under him South Viet Nam became a "Communist-type country without communism. It had all the controls, all the oppressions, and all the frustrating, grim aspects of the modern totalitarian state."

These summations pretty well point the direction the two books take. Browne's is focused on the South Vietnamese people, in Saigon and the countryside, the kind of war that has been fought, and why the Viet Cong guerrillas won most of the country, grabbing it steadily, year after year.

Halberstam's book, more personalized, looks at U.S. ineptness and stupidity, the U.S. failure to force Diem into reforms that might have won him support among the peasants who make up 85 per cent of the population, and the attempts by U.S. officials to dish out soft-soap optimism for the people back home.

HITS AT AMBASSADOR

Halberstam particularly singles out former U.S. ambassador Frederick E. Nolting who, he says, "could not understand

Tennis Racker

by
MARJ. McFADDEN

Tennis has been with us almost a month now, but today the racket will be slightly muted and the racket still—all because of the weather which always has the last word.

clouds are hovering threateningly over the mountains like an army ready to move. To put it delicately, they appear to be hanging there just waiting to spit at us. As you can see, I'm feeling rather emotional about it all after their threatening aspect caused me to cancel a tennis game.

Feuding with the weather aside, tennis time is here again and what a wonderful time that is! Today I'm going to answer a few questions such as where, what with, how much and why.

WHERE

Where can tennis be played? In two places in Kelowna on a total of five courts. Two of these courts are hard-surfaced ones and are located in the City Park. No fee is charged for playing on these courts and the equipment is in good condition. One drawback is the often lengthy wait for a court. Unfortunately, there are occasional lapses of court etiquette when players will hold a court for a long period of time, oblivious to those waiting.

The remaining three courts are the clay courts at the Kelowna Golf and Country Club. These are not yet in top shape but have been playable for almost a month. When the surface is in good condition it is a very pleasant one to play on. Those wishing to play here must join the tennis section of the Kelowna Golf and Country Club.

COACHES

Two of the Tennis Club members provide free coaching at the Club courts for senior and junior members. Here I must stress the importance of be-

ginning players receiving instruction. It is so much easier to learn properly from the start than to have to unlearn later on.

Ernie Winter coaches anyone wishing instruction on Sunday morning from 10 to 12.

In this period of time only non-members may also receive coaching from Mr. Winter. Ernie has notified the club that he will be away for the next two Sundays but anyone wishing instruction after this time should contact Ernie Winter.

Ches Larson has coached the juniors for many years and will continue to do so this year on Thursday and Friday of each week from 6:30 p.m. on. To be eligible, young people must be junior members of the Tennis Club.

Juniors wishing to receive instruction should contact Mr. Larson. A note to adults—if you would like tennis coaching from Ches contact him and arrange for a suitable time.

TRAPPINGS

Now on to "what with," otherwise known as tennis togs and trappings. The beginner, old or young, can acquire an adequate racket, strung with protected nylon, for \$10.

A racket strung with lamb's gut responds better but is more affected by the weather and ups the price considerably. Press and cover, both essential for proper care of your racket will add about \$2.25.

Running shoes should be good ones—tennis players as well as armies travel on their feet—and will cost approximately \$7.

Shorts, T-shirt and sports socks, preferably white, especially for tournaments are to be considered, make up a total of about \$6.75.

The rule requiring "whites" has relaxed considerably and is now strictly adhered to only in tournaments. Finally, tennis balls complete your equipment at prices ranging from \$1.35 to \$2.75 for three balls.

Now you are completely outfitted (quick, Mother, the camera!) for approximately \$28. Most people, however, would

need to buy only one or two things from this list to be ready or play.

"Why" comes last and has as many answers as the people playing. Healthy recreational exercise, meeting friends, a change of pace, a response to the lament, "There's nothing to do," acquiring a skill—all supply a partial explanation. But I do not think the full answer will come until you actually get out on the courts on a sun-sweet, blue-sky day and play a game of tennis. After this experience, no spoken answer should be required.

Museum Diary

by

DAN RILEY

"To bring back the past ribbed and blooded as it once was lived, to elongate the fleeting present and widen the narrow angle of our sight."

These words were written by Dr. Alex Winston, a New England author, after a visit to the multi-million dollar museum at Yale University. They describe the goal of all museums, both large and small.

The new custodian of the Kelowna Museum, Dan W. Riley, began his duties on Saturday, May 1. Mr. Riley keeps a "Museum Diary" in which this column will be based.

Already five pages of the visitors' register have been filled.

Visitors have come from many points in B.C., Western Canada, and the United States. About half are residents of Kelowna. Many who live in Kelowna say they are visiting the Museum for the first time, although they have lived here for years.

Old timers have found a wealth of memories in the photographs and documents of early days of Kelowna, and linger at the historical exhibit, exchanging reminiscences with old friends. We owe much to the skill and devoted work of Mrs. Muriel Foulkes and her committee for arranging the special historical exhibit.

NEW BUILDING

Looking ahead to 1967, the Museum asks that everyone having old photographs consider adding these to the collections in the Centennial Museum.

The new building will be fire-resistant, and will protect priceless records of pioneer days. If the owners wish to keep the original documents, the Museum will be pleased to have copies made for its collection, returning the original to the owner.

One visitor in the first few days of May came from Austria. He wanted to see the animal exhibit.

"We have none of these animals in my country," he

related, "except the chamols, re-
lated to your mountain goat."
His interest counts to the
credit for at least a small section
on natural history of the
Okanagan in the Centennial
Museum.

The military exhibit in the
Museum is outstanding. It in-
cludes the badge of every unit
in which any resident of the
Okanagan served in the two
World Wars. Few collections in
Canada can match this. A re-
cent visitor from Revelstoke
found the badge of the 2nd
Mounted Rifles which he regu-
larly had served; and also
a photograph of Captain Dun-
Water, whom he had known in
the service.

YOUNGER SET

But the Museum is not just
for the old-timers.

Among the most interested
visitors are the youngsters. It's
good to note they are polite, en-
thusiastic, and well behaved.

The exhibit in a small upstairs
room arranged by the Natural-
ists' Club can be expanded to
appeal to young visitors.

One small chap returned a
day after his first Museum
visit, bringing a friend. They
headed straight for the exhibit
of birds eggs, and he was
overheard to say, "Now will
you believe me, that Ostreich
egg is just as big as I told you!"

As a result of the interest of
visitors, the Museum will now
be open six days every week,
being closed on Wednesday only.
Hours are 10 to 12 mornings;
1:30 to 4 afternoons. On Sun-
days, hours are 1 to 3 p.m.

At present the Museum will be
closed during the evening.
There is a small admission
charge except for members of
the Museum Association.

British Actor Now Uses Own Face For New Production In Hollywood

HOLLYWOOD (AP)—"Yes, that's right," said Richard Attenborough. "I'm using my own face for the first time."

Attenborough—British academy award-winning actor, prize-winning producer-on-shooting and director of the late Mohandas Gandhi's film biography—displayed a smiling, boyish face.

Only a small, fake scar slashing his right eyebrow marred his lack of disguise.

It was the touch of unreality needed for rehearsal of Flight of the Phoenix, in which he plays a drunken navigator crashed in the Sahara desert, with Jimmy Stewart and Peter Finch.

Attenborough is making his first film in Hollywood and loves it.

"Jimmy Stewart is part of Hollywood's golden age," said Attenborough during a rehearsal break. "I've been in this business for a while, but it's a joy working with such a legendary figure."

In 1959, Richard formed a producing partnership with Bryan Forbes and, "after one disaster, we like to forget," made The Angry Silence.

FILM SETS A STYLE
The film, a working class drama, became the prototype of the new British realistic school that later led to such films as Room at the Top and Saturday Night and Sunday Morning.

Forbes wrote the script. Attenborough starred, along with Pier Angel.

"We needed \$150,000 to make it. But we couldn't get it. We finally got it down to \$100,000—but none of us, Forbes, I or I, drew salaries."

Attenborough later scored another success with The Long Walk Home.

WAS GOOD LISTENER
Movie actor Richard Attenborough turned to show business when he was too soft-hearted to collect debts for a loan company.

Sad-Faced Sykes May Emigrate

LONDON (CP)—Eric Sykes, sad-faced television comedian, and his stage sister, hefty actress Hattie Jacques, may do a 13-part comedy series in Canada for the CBC, to be co-produced with the CBC.

Sykes, who writes many of his own scripts, leaves for Canada next month with Frank Muir, assistant head of BBC light entertainment, and television producer Duncan Wood.

A BBC spokesman said the team is making the trip in order "to consider the possibilities of a series."

One theme suggested is a routine based on the adventures of a British immigrant in a Canadian city. Sykes plans to talk to immigrants and see if there is enough comedy material available.

Sykes is a familiar face on Canadian television screens. The BBC has been selling his show to the CBC for the last three years.

YOUNG BUILD THEATRE
The Midland Art Centre for Young People, in Birmingham, England, will have a theatre designed by students from the School of Architecture with its furnishings hand-built by school children.

Entertainment BILLBOARD

A busy weekend lies ahead for members of Rutland and Kelowna secondary schools.

On Friday, May 7, Millionaires night will be held in the Kelowna secondary school gymnasium from 7 to 10 p.m. All money will be used for the Yaws fund, a contagious disease causing eruption or lesions of the skin.

People are given play money upon entering the building and the idea is to participate in events and raise the money to \$1,000,000. The top 10 millionaires will receive prizes.

Games include bowling, throwing balls, dropping a marble into a tin can and guessing games.

Following the games a dance will be held from 10 to 11 p.m.

BAND CONCERT
A band concert is planned for Rutland Secondary school, Friday, May 8 at 8:30 p.m. with the Abbotsford-Clearbrook secondary school band stopping in Rutland on their way to Armstrong.

The band concert will range in selections from jazz, combo, classic, Broadway to pit music performed by groups ranging from eight to 110 members.

The Abbotsford-Clearbrook band consists of 70 members from Grades VIII to XII and the Rutland band includes 40 members of Grades XI to XII.

The two bands will combine to give one fine selection.

SPRING CONCERT
The Kelowna secondary school music association annual spring concert will be held Saturday, May 8 in the Kelowna Community theatre at 8 p.m.

"Music 65" features guests from Vancouver Bennett High school Calgary. There will be two bands, two choirs, a symphony orchestra and guest soloists.

Old time dancing is scheduled for the Elks hall, Saturday, May 8 at 9:30 p.m. Music will be supplied by the Okanagan Old Time orchestra.

The annual dinner of the Okanagan Historical Society will be held Monday, May 10 in St. Joseph's hall, Sutherland Ave. at 6:30 p.m.

Business and election of 1965 officers will take place at 2:30 p.m. in the hall. R. T. Broadland, historic sites officer for the province will be guest speaker at the dinner.

Tickets for the dinner are available from any executive member of the society and at Trench's Drugs.

A day long convention, Saturday, May 8 for the Interior logging association will be held in the Kelowna Aquatic. A parade of logging equipment begins at the corner of Richter St. and Bernard Ave. at 12:30 noon following Bernard Ave. to the City park.

Heifetz Has A Primary Quest Now
As Teacher In Search Of Students

HOLLYWOOD (AP)—"I am a teacher; I need students," with that simple comment, violin virtuoso Jascha Heifetz issued a call for young musicians to study under his guidance.

Heifetz is a perfectionist in all things. He devoted his entire life to the violin, and no one surpassed him in artistry.

In his new work as a teacher he strives for perfection on a smaller scale, but perfection nonetheless.

He has been disturbed by the progress of his classes at the University of Southern California. He feels they have been successful, but limited. That was what he wanted to talk about one afternoon at his villa atop Beverly Hills.

Heifetz said, some of his students have gone on to concert and orchestra work.
